## BANK ROBBER FLEES WITH \$60 AT VANCOUVER

Members of Staff Fire Six Bullets at Fleeing Lone Gunman

## Escape Made In Stolen Automobile

VANCOUVER (CP)—A lone gunman held up the Dunbar Street suburban branch of the Canadian Bank of Commerce today and escaped with \$60 in a car believed stolen. Bank employees fired six shots after the automobile, but it was not known immediately whether any took effect.

S. H. Ewing, manager; Arthur Bird, teller, and Dickson Wood, ledgerkeeper, were alone in the bank at the time.

Ewing and Bird were talking at the teller's cage when the gunman, described as about 50 years old, walked in and asked Bird to change a \$1 bill.

## DEMANDED MONEY

As the teller opened the change drawer the gunman said: "This is a holdup," and ordered the teller to pass across "some money."

Bird shoved a handful of bills through the wicket and the gunman, grabbing them, fled to a car he had parked in front of the bank building.

Ewing and Bird each seized a bank gun and followed the bandit to the street, where they fired six shots after him, apparently without effect, as he sped eastward on 28th Avenue.

## Orchestra Leader Leaps to Death

SPOKANE, Wash. (AP)—Phil Sheridan, 40, prominent Pacific Northwest United States orchestra leader, leaped to his death at 4.30 this morning from the fourth story window of a Spokane hospital. Coroner I. S. Collins said the case was suicide.

Dr. Collins said Sheridan, in ill-health, was in the hospital after an attempted suicide by slashing his wrists Tuesday night.

## Stokowski's Wife Seeking Divorce

LAS VEGAS, Nev. (AP)—Evangeline Stokowski today filed suit for divorce from Leopold Stokowski, leader of the Philadelphia Symphony Orchestra. She charged extreme cruelty although counsel for her husband immediately filed a waiver and stipulation denying the accusation.

## Brief Speech At Special Session

Only 200 Words in Throne Address as Ontario M.P.P.'s Start Work

TORONTO (CP)—Members at the first session of Ontario's 20th Legislature, convened for the specific purpose of removing "all obstacles" to the collection of succession duties from estates closed by former governments, heard today one of the shortest throne speeches on record.

Lieut. Governor Albert Matthews, acting in his new capacity for the first time, delivered the 200-word opening speech. It said collection of succession duties had been challenged in the courts and that bills would be submitted to make effective legislation passed in former years.

There was no mention that legislation of any other nature would be brought down at the special session, expected to last a week or 10 days.

## Mountain Sliding on Los Angeles

Rivalling the biggest spectacles of the movies, a sliding mountain, overhanging scenic Riverside Drive, is giving Los Angeles people a thrill these days. Splitting away from the mountain at points indicated by the dotted line, above, the great mass of soil and rock threatens to plunge 600 feet into the Los Angeles River. It would cover a roadway, bridges, railroad tracks and small residences and the entrance to the Figueroa street tunnel. In greatest immediate danger is the Elysian Park roadway, winding around the mountain directly below the main fissure. Newsreel cameramen are standing by.

## City Refunding Bill Presented To House Today

### Fund Started For China Refugees

SHANGHAI (AP)—Thousands of Chinese Red Cross girls dressed as nurses canvassed downtown Shanghai today in a campaign to raise \$145,000 as part of a \$10,000,000 world-wide fund for China's millions of war refugees. It was estimated one dollar would feed and shelter a refugee for a month.

### TWO SLAIN IN FIGHT

GUADALAJARA, Mexico (AP)—Two milkmen were killed today in a clash between pickets and milkmen who defied a solidarity strike called in support of electrical workers.

## Brief Speech At Special Session

Only 200 Words in Throne Address as Ontario M.P.P.'s Start Work

TORONTO (CP)—Members at the first session of Ontario's 20th Legislature, convened for the specific purpose of removing "all obstacles" to the collection of succession duties from estates closed by former governments, heard today one of the shortest throne speeches on record.

Lieut. Governor Albert Matthews, acting in his new capacity for the first time, delivered the 200-word opening speech. It said collection of succession duties had been challenged in the courts and that bills would be submitted to make effective legislation passed in former years.

There was no mention that legislation of any other nature would be brought down at the special session, expected to last a week or 10 days.

## BIG FIELD IN CIVIC CONTEST

Nominations Will Close Tomorrow; 25 Candidates Will Seek 13 Seats

Gaining size and momentum as it rolled towards nomination day tomorrow, the civic election field had reached a total of 25 aspirants for mayoralty, aldermanic and school board posts today.

Nominations will close for all except the by-election terms at 2 tomorrow. Those seeking office in the by-elections, two of which are listed in the school board division and one in the council, will not have to file their papers until Monday.

To date there are two in the field for the mayoralty. Mayor Andrew McGavin is seeking a second term and Dr. J. D. Hunter, M.P.P., former finance committee and health committee chairman, is opposing him.

Burges J. Gadsden and James Edward Savident, the former president of the Victoria Ratepayers' Association, and the latter a member of that body, and Walter Inward are the three latest additions to the list seeking aldermanic seats. Captain Gadsden will seek election for a two-year term and Mr. Savident for one year. Mr. Inward took out papers for a two-year term today.

### ALDERMANIC CONTESTS

For the one-year by-election ex-Alderman Alex Peden, Mr. Savident, Fred J. Crowhurst and possibly John Day will stand.

For the other five council seats four sitting aldermen, W. T. Hawkins, Ed. Williams, S. H. Okell and R. A. C. Dewar, will be in the contest. Other candidates will be ex-Alderman Walter Lunney, Captain Gadsden, H. O. Simpson, W. H. Davies, Mrs. Alice McGregor, H. A. Morley and D. D. McTavish. Should Mr. Day decide not to seek a by-election seat he will be in the general council contest.

Arthur C. Pike was the lone definite entry in the school board by-elections today, although he was expected to be joined by one of the other candidates by Monday.

Seeking return to three of the four two-year terms are Trustees John Wallace, Walter Staneland and C. R. Bishop. Others seeking election are F. G. Mulliner, W. P. Marchant and Mrs. A. S. Christie.

In addition to the stimulation of a mayoralty contest, the new police commission set-up, which will see two aldermen appointed by the council to serve on the board, promised to heighten interest in the contest this year.

The only election meetings in the contest will be held next Monday night, with Mayor McGavin holding his gathering in the City Temple and Dr. Hunter speaking in the Chamber of Commerce auditorium.

Polling will be held in the Market Building one week from tomorrow.

## Runner Leads Fire Trucks

VANCOUVER (CP)—What proved to be false alarm sent a firehall company crawling through fogbound South Vancouver district Tuesday night—without their usual siren wails and without the captain in his department car.

Captain S. Heathorne ran ahead of the trucks, calling back directions as the heavy fog reduced visibility almost to zero.

## On Fishing Trip

President Roosevelt, holidaying in Florida at present, is spending much of his time at sea fishing. He was not displaying the famous Roosevelt smile, but apparently he had recovered from his tooth and digestive troubles when the above picture, one of his most recent, was taken as he left Washington for the south.

## BIG YEAR FOR CONSTRUCTION

Figures For 1937 to Date Well Ahead of Last Seven Years

City building figures this year rose to the highest point since 1931, figures for the eleven-months' period index yesterday disclosed.

Up to November 30, the total for this year stood at \$370,435, against \$449,838 for the same period last year, \$424,593 in 1935 and \$244,000 in 1934. For 1933 and 1932 the totals were \$259,000 and \$307,000, respectively, for the eleven months.

Permits were issued during November for the construction of five dwellings in the city at a total cost of \$11,400, in addition to two stores and one bank worth \$63,200, two warehouses costing \$1,250 and four private garages at \$800. Those projects, coupled with other miscellaneous construction boosted the value for the month to a total of \$95,400, as against \$34,064 for the same month last year.

## G-Men Question Dakota Suspect

ABERDEEN, S.D. (AP)—Werner Hanni, chief of the United States Federal Bureau of Investigation here, announced today an agent of his office was in Stanley, N.D., questioning a man held there as a vagrant regarding the kidnapping and killing of 10-year-old Charles Mattson of Tacoma.

## CHRISTMAS SUPERSTITIONS

A superstition in Central European mining districts holds that on Christmas Eve high mass is sung by invisible choristers in the mine with the richest ore.

# Cruisers Move As Japan Reported Planning to Take French Shanghai Area

## B.C. Leads In Improvements

Has Highest Dominion Rating on Per Capita Basis Under Federal Plan

British Columbia today leads the provinces of Canada in loans per capita made under the new federal Home Improvement Plan, according to a report presented yesterday to directors of the Chamber of Commerce.

Victoria is in sixth place in the Dominion among cities having taken advantage of the loan provisions, the report, given by James Parfitt, chairman of the building trades group, stated.

In British Columbia there have been 2,908 loans taken out, with a gross value of \$945,515.88. This gives a per capita rating of \$1.44. In second place is Nova Scotia with a per capita rating of \$1.43 with 2,261 loans, with a total value of \$717,710.46.

In Ontario there have been 11,143 loans with an aggregate value of \$4,330,830.93, the highest of any province of the Dominion.

In Victoria there have been 188 loans, with a total value of \$68,807.60.

Mr. Parfitt said special displays in connection with home improvement loans, to keep the plan before the public, were being arranged. At these places literature dealing with the plan will be distributed. The display in Victoria will be held at the Hudson's Bay Company.

There has to date been a total of over \$11,000,000 loaned under the scheme and it is estimated that 35,000 skilled men have been put back to work, 75,000 partially employed men have been given extra employment and 85,000 homes have been modernized and generally improved.

## MAGISTRATE WEARS GOWN

In keeping with the new provincial regulation, recently announced by Attorney General Wismer, K.C., Magistrate Henry C. Hall this morning made his first appearance in City Police Court attired in judicial gown.

Only matters dealt with by the court, were two charges of motorists speeding in a school zone and a Deserted Wives Maintenance Act hearing.

Magistrates in Vancouver today also appeared on the bench attired in wing collars, white ties and gowns.

A request was made recently to the British Columbia Attorney General's department that magistrates throughout British Columbia be permitted to wear gowns to "add to the dignity of the police courts."

# British Cordite Plant Blows Up But None Hurt

Building of War Office Factory at Waltham Abbey Wrecked by Blast

LONDON (AP)—A violent explosion wrecked the cordite building in the Royal gunpowder factory at Waltham Abbey today, jarring the entire district, but the War Office said none was killed or injured.

The blast, an official statement said, originated in a cordite stove. There were 20 men in a nearby blending room, but they escaped.

Fire which broke out was quickly controlled by the factory's fire brigade and authorities said

Officials at Paris Indicate Division of Warships Ordered to Stand Ready for Action If Government Considers Them Needed in War Zone; Japanese Apologize and Return U.S. and Italian Vessels Seized at Shanghai

## Japanese Object To Russian Stand

TOKIO (AP)—The Japan Marine Products Guild declared in a resolution today Soviet Russia was "unnecessarily complicating" fishing pact negotiations in Japan. The guild asserted the Russians had declined 12 times to sign a pact and this "certainly would not be tolerated." Copies of the resolution were handed to the war, navy and other government departments.

## British in Talks With Japanese

Commons Told No Agreement Yet on Shanghai Situation

LONDON (AP)—The House of Commons today reflected anxiety over the fate of British interests in Japanese-conquered Shanghai in questions put to Foreign Secretary Eden.

Mr. Eden said negotiations with Japan were proceeding and that "we haven't agreed to anything yet."

Queried on the possibility of the Japanese extending military control to all of Shanghai, he replied:

"His Majesty's Government could not, of course, recognize the right of any of the Settlement powers (of which Japan is one) to take unilateral action for solution of the problems arising from administration of the Settlement."

Asked whether Japanese officials had given any guarantee regarding the portion of Chinese customs revenues earmarked for service on British loans, the Foreign Secretary answered: "Discussions on that subject still are going on and the House will realize the matter is important. I would rather not answer any supplementary questions."

### SURPLUS REVENUE

When a member demanded to know, "Have we agreed to the proposition that if there is any revenue over and above that re-

(Turn to Page 2, Col. 2)

PARIS (AP)—France sent a division of her most modern cruisers to the Far East today after reports from Tokyo Japan might attempt to take control of the French concession in Shanghai.

Officially the Navy Ministry said the ships were off "on an endurance cruise" to Saigon. French Indo-China port, but officials left no doubt the cruisers had been ordered to stand ready for action if they were needed in the war zone.

A spokesman at the Japanese embassy said that although the Japanese had not been informed officially of the naval order, he doubted whether the home government would consider the action anything but "France's own business," provided the vessels should remain in Indo-China waters.

### VESSELS RETURNED

SHANGHAI (AP)—Japanese returned with apologies Wednesday two Italian vessels and a United States launch seized Tuesday as Japanese troops continued their advance on Nanking.

Restitution followed sharp protests from United States consul Gen. Clarence E. Gauss and the Italian consul-general over the seizure of the vessels by the Japanese. The whole incident was regarded as closed.

Italian authorities explained the seizures were due to a "misunderstanding." Japanese officials expressed their regrets.

### PROTEST TO ITALY

The Chinese government Wednesday reportedly protested to Italy over its recognition of the puppet state of Manchukuo. It was reported here provisional headquarters of the Foreign Office at Hankow had wired instructions to the Chinese ambassador at Rome to make the protest.

Japanese reported capture of Kiangyin forts, where Chinese had blockaded the Yangtze River approach to Nanking with a boom of sunken junks.

An earlier Associated Press dispatch said United States consulate officials at Shanghai had confirmed Japanese assertions that Japanese sailors had not thrown a United States flag into the Whangpoo River when they took over the steam launch. It was said the flag was handed to a Chinese launch close by.

The two Italian craft involved were tugs.

See Nanking battle story on page 2.

### FARM CHAMPIONSHIP

CHICAGO (AP)—Albert G. Gohn, Emo, Ont., today was awarded the field beans championship at the Chicago Livestock Exposition.

## Hatfield Fails In His Appeal

TORONTO (CP)—The appeal of Captain Freeman Hatfield against his conviction of fraud in connection with reparations paid for the loss of the schooner Gypsum Queen in the Irish Sea during the Great War was dismissed in the Ontario Court of Appeal today.

The court upheld a decision of the Ontario Supreme Court in Ottawa which found the Parrsboro, N.S., skipper guilty of fraud for receiving \$72,276 war reparations after the Gypsum Queen had sunk during the war. Hatfield claimed the vessel was torpedoed, but the court found it sank during a storm.

## Defenders May Leave Nanking

Chinese Leaders Soon to  
Decide If Troops to Battle  
Japanese There

NANKING (AP)—A Japanese drive toward Wuhu, Yangtze River port 60 miles southwest of Nanking, threatened Wednesday to bottle up thousands of Chinese troops defending the nation's capital.

Chinese commanders were expected to disclose soon whether they will follow advice of foreign military experts and save a dozen of their strongest divisions by immediate withdrawal or stake all on a final fight just outside the city walls.

Retreat under fire would be virtually impossible across the broad Yangtze, north and west of Nanking. There are no bridges and river craft would be at the mercy of Japan's warplanes.

Japanese were advancing steadily from the east and retreat to the south would be cut off if Wuhu should fall into Japanese hands.

Until Wednesday, when the Japanese advance on Wuhu and Nanking became more threatening, it was thought the Chinese could retreat to the southwest, which would enable the Japanese to capture Nanking without a decisive battle. The retreat could have been covered by a stand at the semi-circular defences some 30 miles east of the city.

## Dominions' Views On Colonies Asked

BRITISH IN TALKS WITH  
JAPANESE  
(Continued from Page 1)

quired for the foreign loans it will not belong, as formerly, to the Chinese government?" Mr. Eden declared:  
"From the fact the negotiations are proceeding it will be seen we haven't agreed to anything."  
He refused to reply when asked if there had been any joint British, French and United States representations to Japan about the situation in Shanghai. The Foreign Secretary asserted that so far as he knew the Japanese were not censoring messages from Britain to British newspapers in Shanghai.

## China Peace Move Suggested

Duce's Milan Newspaper  
Advises Chiang to Ask  
Japan's Terms

MILAN (AP)—Premier Mussolini's newspaper Il Popolo d'Italia warned China today she could expect no help from other powers in the conflict with Japan, and advised her to ask Japan for peace terms.

The editorial, generally ascribed to Mussolini himself, while offering this counsel, referred pointedly to the recent inconclusive Brussels peace conference.

"If China still believes in any assistance of a collective character," the newspaper said in part, "this means it is destined to suicide."

"It may displease the humanitarian spinsters, but public opinion now holds that the cannon roaring in the Far East will be heard louder and louder in the present and future meetings at Geneva and elsewhere."

Informed persons saw in the suggestion, China seek peace terms a possible hint of Mussolini's willingness to mediate.

"Collective action having failed once more, it remains only for China to demand Japan's peace conditions," Il Popolo d'Italia said. "These conditions may not be as severe as one might think. But one thing is certain—Japan is changing the geographical map in the Far East, and anyone who thinks differently has taken the wrong bearings."

## CONFERENCE RESULTS

The article said:  
"Now the first American participation in a European conference for collective action, for which participation the Chicago speech had ignited such flames of hope, has had as a sequel unhappy than ever."

Norman Davis (the United States' representative at Brussels) henceforth will be convinced there is never any need of convoking conferences the futility of which would be clear to a baby.

"A little knowledge of history, geography and the forces in play are sufficient to convince one that nothing may be done against Japan. What can the United States, France or Great Britain do separately against Japan, or together? Japan is invulnerable."

The editorial belittled the possibility of Russian help for China—"Russia cannot play at war without mortal danger to its internal situation."

## BURGLARS LEFT SAFE LOCKED

DUNCAN—Burglars were disappointed after breaking into the premises of the P. and M. feed store on Canada Avenue over the weekend.

They broke through the office window, where they found the safe open. After ransacking it they left it locked.

## Vancouver Woman Falls to Her Death

VANCOUVER (CP)—Mrs. Esther Stevenson, 55, was killed here today when she dropped about 40 feet from a fire escape outside her third floor suite.

Police said she had been worrying over the health of a daughter taken to a hospital Tuesday.

J. T. Stevenson, the woman's husband, is a traveler, now in Jasper, Alta.

## Britain Consulting Australia and South Africa on German Demand

LONDON (CP)—Great Britain is to consult the Dominions over Germany's old colonies. Three Dominions are primarily concerned—Australia, New Zealand and South Africa.

Those three dominions all hold former German colonies under mandates. The Union of South Africa holds Southwest Africa. Australia holds New Guinea. New Zealand has Samoa. Great Britain, Australia and New Zealand jointly administer the small island of Nauru.

Great Britain herself holds former German East Africa, now Tanganyika, with part of Togoland and the Cameroons.

Both Great Britain and France made it clear in their joint communiqué Tuesday that they cannot consider Germany's colonial claims "in isolation." Otherwise expressed, they are willing to consider revision of mandates providing Germany is prepared to make a material contribution to a peace system which would end the arms race and restore Europe to normal conditions.

## BELGIANS POSITION

BRUSSELS (CP-Havas)—"Belgium will never admit any question regarding the territorial integrity of her colonies or the sovereignty of the Belgian Congo," the Belga News Agency said today in a semi-official communiqué.

It was in answer to reports that German colonial demands considered by British and French statesmen in London this week included a proposal to carve a new colony out of the Belgian Congo and Portuguese Angola which would be ruled under a mandatory regime by a chartered company controlled by the Reich.

## CALLED OUTWORN

BERLIN (CP-Havas)—French and British statesmen make a mistake in considering Germany's demand for a return of her pre-war colonies as a part of the general international problem, Nazi newspapers asserted today.

The Berliner Tageblatt characterized the communiqué issued in London Tuesday night at the conclusion of Franco-British conversations as "a new edition of outworn formulas."

"The longer this continues the less it interests us," this newspaper added.

## ITALIAN OPINION

ROME (CP-Havas)—While the communiqué issued in London following the Franco-British conversations received scant attention in Italian newspapers, some not even mentioning it, semi-official circles declared the statement justified earlier Italian skepticism.

Some journals printed a rumor that Great Britain and France were planning to recognize Italy's conquest of Ethiopia.

Emphasis was placed here on indifference in Berlin to the London conversations, and on German coolness to any proposal to return to a system of collective security.

## DISCUSSION WITH CZECHS

LONDON (AP)—Czechoslovakia and Austria will be sounded out by Great Britain and France, informed sources said today, on their attitude toward making concessions to Chancellor Hitler on problems of German minorities within their borders.

This next step in the campaign for European security—part of a vast diagnosis of European "sore spots"—will be taken as a result of the just concluded French-British diplomatic talks.

London and Paris, showing willingness to help Germany, hoped in return they might draw concrete commitments toward peace from the Berlin-Rome diplomatic axis.

## INVITATION TO U.S.

PARIS (CP-Havas)—The United States and Japan may be asked to participate in the general settlement of international problems favored in the communiqué issued in London Tuesday following Anglo-French conversations. Pertinax said today in the conservative Echo de Paris.

## Duncan Block Changes Hands

DUNCAN—The Patterson block situated on the main corner of Station and Craig Streets, has been disposed of by H. A. Rhodes, who is leaving the district to settle in England. J. H. Whitcomb & Co. acted for seller and purchaser, but the price was not revealed. It was announced no change would be made in regard to tenants or business.

## Epidemic Toll In Quebec Rises

QUEBEC (AP)—Nearly a score of lives were claimed during November by diphtheria in Quebec City and typhoid fever in Megantic, a Frontenac County lumbering centre not far from the United States border. Seven new cases were reported since Tuesday in Quebec's wave of diphtheria, which killed 14 persons last month, increasing the present cases to 65, mostly in isolation hospitals.

## Vancouver Fog Ties Shipping

One Man Dead After Fall As  
City and Port Blanketed

VANCOUVER (CP)—Deepsea shipping was crippled here again today by a dense fog which has taken one life and resulted in injuries to a score of persons in automobile accidents since it settled over the city and surrounding districts Monday night.

Frank Myers died in a hospital early today from injuries suffered Tuesday night when he became confused in the fog and fell from a dock to the deck of a fish boat.

He was discovered by Jeffrey White, who also narrowly missed death as he brought a police constable to the injured man's aid.

White missed his footing and fell into the water between two boats. He was saved by Constable E. H. Sloan, who grasped him by the hair and held him until a fisherman arrived and assisted in pulling him out of the water.

Two deepsea freighters remained anchored in English Bay today waiting for the fog to lift to allow them to enter Burrard Inlet.

Coastal steamers managed to keep fairly close to schedule while on land street car and bus services were seriously interrupted.

## New Plan For Municipalities

Extension of Company  
Bankruptcy Law Suggested  
By Rowell at Inquiry

WINNIPEG (CP)—Extension of the Companies' Creditors' Arrangement Act to include bankrupt municipalities was suggested by Chairman N. W. Rowell of the Commission on Dominion-Provincial Relations today as a possible solution for reorganization of such municipalities.

Attorney-General W. J. Major of Manitoba said his province had machinery for such adjustment, but it was questionable whether the province had power to compel creditors to accept settlement proposals.

Mr. Rowell noted the Dominion Bankruptcy Act did not cover municipalities and it was doubtful if Parliament had power to legislate in that direction. In the United States a 5 to 4 judgment had held Congress did not have that power.

What Canadian courts would say was unknown, he continued. Wherever the power lay, one or two creditors should not be able to block a reorganization plan when the majority approved.

## Reich Firm May Have B.C. Plant

VANCOUVER (CP)—Andreas Stihl, president and general manager of a new manufacturing firm in Stuttgart, Germany, arrived in Vancouver today to conduct a three weeks' survey of the British Columbia logging situation, with the intention of locating a factory in the city. The executive said his company manufactured all the chain saws used in Europe and some used in British Columbia but, he explained, "because of the immensity of the trees here as compared with those in Germany, we find it necessary to build a plant right in the heart of the logging country."

## Total From Income Tax Is Increasing

Federal Revenue in Eight  
Months Up \$14,689,065  
at \$102,437,106

OTTAWA (CP)—Income tax collections for the eight months ended November 30 totaled \$102,437,106, an increase of \$14,689,065 over the 1936 figure, it was announced today by the Department of National Revenue.

The biggest revenue came from

## Power Purchase In Ontario Soon

Toronto Paper Says Hydro-  
Beauharnois Agreement to  
Be Announced

TORONTO (CP)—The Globe and Mail said in a newspaper story today that it was reliably reported the Ontario Hydro-Electric Power Commission's "long-considered purchase" of power from the Beauharnois Light, Heat and Power Company would be announced "shortly."

The newspaper added the announcement would be made "probably before the present special session of the Ontario Legislature concludes." The Legislature opened a special session today to ratify government amendments to the Succession Duty Act.

The paper continued:  
"It will be executed by the Hepburn government, as definitely planned last week, in spite of the point-blank refusal Monday of Prime Minister King and his Ottawa cabinet to expedite the situation by allowing the province to export to the United States—presumably to New York-Hudson—certain blocks of 'excess' power which must, of necessity, be taken under the pending contract..."

## KING-HEPBURN ENMITY

"The Ontario cabinet, in special council yesterday, unanimously endorsed this course of action. They are also backing Mr. Hepburn in the renewal of friction and bitterness that allegedly has developed between him and Prime Minister King."

"The 'snub' which was administered Mr. Hepburn, not only by Mr. King, but by his ministers as well," said the paper, "was so emphatic, it is understood, that the repercussions within official circles at Queen's Park have become so pronounced that, following the cabinet session yesterday, the corridors were fairly a-buzz with the speculation as to the outcome of the delicate situation."

Chairman Thomas Hogg of the Ontario Hydro-Electric Power Commission said today he did not think there would be any announcement this week on a revised contract with the Beauharnois Light, Heat and Power Company for a power supply to the commission.

## Resignation Of Senator Urged

EDMONTON (CP)—Second demand from a Social Credit organization for his resignation from the Dominion Senate was received by Senator W. A. Griesbach, and, as in the case of the first, has been rejected. It was revealed in correspondence made public today.

The first to make the request was the Stony Plain Constituency Association in a resolution forwarded November 13.

The second demand was expressed in a resolution passed November 26 at a meeting of the Edmonton Constituency Association of the Alberta Social Credit League.

The resolution, after stating that "the forces of darkness are making their last stand to silence the voice of democracy as it pertains to China, and especially to the events in Paris, where Fascism has given its challenge to constitutional authority," goes on to say:

"Similar conditions prevail in Alberta at the present time and in the end may incite to rebellion; therefore be it

"Resolved that this assembly request that General Griesbach be asked to resign his senatorship for the good and welfare of this province."

The letter containing the resolution was signed by Chester H. Wallace, Edmonton.

Maj. Gen. Griesbach, born January 3, 1878, at Fort Qu'Appelle, Sask., has been a member of the Senate since September, 1921. He is a Conservative. He rose to the command of the First Canadian Infantry Brigade in France in the Great War.

## Slash Control Is B.C. Plan

Government Seeking Method  
to Promote Natural Re-  
growth of Forests

Greater control over the burning of slash on logged-over lands, particularly crown grants on Vancouver Island, will be asked by the government in its new forestry bill, to go to the Legislature shortly, it is understood.

Slash is regarded as the great hazard preventing proper natural reforestation. When it lays on the ground for several years and then catches fire all the young seedlings are destroyed and the logged-over area becomes barren. If it is burned immediately after logging the fire hazard is removed before the young seedlings start to grow.

Two other important government bills were in the making today and the expectation at the Legislative Buildings was that they would be caucused tonight. They deal with the proposed Coal and Petroleum Control Board and labor matters.

The labor bill promises to be the most contentious of the session. The proposal reported under government consideration is for compulsory arbitration of industrial disputes, with the registration of trades unions. In essence the recognition of unions is regarded as the same principle as collective bargaining, sought by the C.C.F. Whether they will accept this, however, is in doubt, and Harold Winch, C.C.F. whip, is still holding his bill in reserve to guarantee bargaining rights. He will put it into the House if the government measure does not go as far as he thinks it should. In either event a lengthy debate is certain.

## WHEAT GRADING

OTTAWA (CP)—Garnet wheat will be removed from the grade Number 3 Northern, it was announced today by Trade Minister Euler. He will introduce a bill at the session of Parliament expected to open in January. At the present time, Garnet wheat is excluded from grades 1 and 2 Northern. It has been permitted in grade 3.

## ANNOUNCEMENTS

Eczema and other skin eruptions. Try Eczaderm, at all drug stores.

## CITY REFUNDING BILL PRESENTED TO HOUSE

TODAY  
(Continued from Page 1)

Aldermen Lloyd Morgan and T. W. Hawkins.

Alderman W. T. Straith, M.P.P., and Dr. J. D. Hunter, M.P.P., are members of the municipal committee of the Legislature.

A. D. Macfarlane, K.C., appeared for the bondholders; Marshall Gordon for the Esquimalt Waterworks and H. G. Lawson, K.C., for the Royal Trust Company. Hon. A. Wells Gray, Minister of Municipalities, and E. H. Bridgman, deputy minister, listened to the city's case, as presented by the mayor, the city solicitor and the city comptroller.

Mayor McGavin said the city intended to pay every dollar of its charges and every cent of its interest, and that there was nothing revolutionary in the proposal. The city had to do something, he said, so it saw its creditors and asked for some relief.

Mr. Pringle told the committee the necessity for refunding arose about a year and a half ago, and the scheme called for the refunding of the net debt of some \$14,000,000. He said all parties concerned were in agreement. In reply to a question, he told R. R. Burns, chairman of the committee, that the City Council was

## MAN CHARGES HE WAS HELD

MONTREAL (CP)—Three men were held by Provincial Police today, charged with kidnapping and conspiracy to extort money from J. E. Barron.

Ralph Bloomfield and Bernard Bloomfield, officers of David Fields' Incorporated of Montreal, for whom Barron formerly worked; and J. Derrington, employee of the company, were arrested late Tuesday after Barron had obtained a warrant charging them with having held him captive for three days.

The warrant, signed by Judge Amedee Monet, claims Barron was freed by the supposed captors after a court order had been obtained for his release.

Police disclosed there was a difference between Barron and his former employees over \$600 expense money, which, Barron claims, he did not owe.

## Ludendorff Is Losing Strength

MUNICH (AP)—Gen. Erich Ludendorff, 72, critically ill after an operation for a bladder infection, today took a turn for the worse.

Doctors, however, said the German World War commander might linger for hours, or even days.

## Long and Short at High School

Henry "Hank" Rowe, 6 feet 4 inches in height, and Douglas Worthington, barely 5 feet, pupils at Victoria High School, are shown in the above picture. Despite the difference in height, both the boys are champions in their own field of sport. Rowe is a member of the Dominions basketball team and a holder of a number of Victoria High School track records. Worthington, who recently came to the city, played on the inter-collegiate bantam Canadian football championship team in his home town of Toronto. He also was a member of the champion inter-class basketball team while in Toronto.

## No New Talks On Debts With U.S.

LONDON (AP)—Sir John Simon, Chancellor of the Exchequer, said Tuesday there had been no recent negotiations with the United States for a debt settlement.

He added the debt question was not likely to form any part or coincide with the contemplated trade agreement with the United States. His comments were made in answer to a question in the House of Commons.

### PASTOR CALLED

MEDICINE HAT, Alta. (CP)—Rev. W. D. Grant Hollingsworth, Prince Rupert, B.C., has been called to the pastorate of St. John's Presbyterian Church here, succeeding Rev. M. S. Blackburn, who resigned to take charge of a church and a boys' school at Vegreville, Alta.

## TRIPLE STAR IS DISCOVERED

Capricorni, Thought Double, Shown By Astronomer to Have Three Parts

PASADENA, Calif. (AP)—The naked eye sees Capricorni as one of the sky's brightest stars. The telescope shows it to be two stars.

Now, Dr. Roscoe F. Sanford, using a spectroscopic method attached to one of the Carnegie Institution's Mt. Wilson Observatory reflectors, discloses it as three.

"Binaries, two stars revolving about a common centre of mass, are comparatively common," the astronomer said today. "But to find a system of three stars is unusual. In fact, in ways it is the first of its kind discovered."

If the "fission" theory is correct, one star breaks off from another and the two go whirling around in a ring around the third, and "always they keep the same face toward each other," said Dr. Sanford.

"In the case of Capricorni, the larger star might have given birth to another and then the daughter became the mother of the third."

## NEW SALES TAX URGED IN QUEBEC

QUEBEC (CP)—Imposition of a general sales tax in Quebec province is recommended in the report of a provincial commission appointed to investigate the position of the small property holder, made public Tuesday.

The voluminous report of the six-man body, at work since last February, includes its brief recommendation for the sales tax in referring with approval to the recent creation of a tax revision commission for the province. It advocates, in this regard, a complete revision of the present taxation system.

Montreal is the only city in the province with a sales tax.

## Wheat in Storage Shows Decrease

OTTAWA (AP)—Canadian wheat in storage for the week ended November 26 totaled 67,097,578 bushels, a decrease of 2,720,798 from the previous week. It was reported Tuesday by the Dominion Bureau of Statistics. The corresponding figure in 1936 was 128,659,830.

Included in the week's total were 15,244,783 bushels of durum wheat.

### NEWSPAPER FIRE

ERIE, Pa. (AP)—The Erie Dispatch-Herald went to press Tuesday afternoon with a red-hot story. Fire blazed in the second and third stories of its own building and four fire companies poured water into the floors above the press room.

Male kangaroos keep on growing as long as they live.

## Protest Changes In Mining Law

B.C. Chamber of Mines Urges Pearson to Retain Survey Act

VANCOUVER — Protests against an amendment to the Mineral Act and repeal of the Mineral Survey and Development Act were contained in a letter sent to Hon. George S. Pearson, British Columbia Minister of Mines, by the British Columbia Chamber of Mines in behalf of a number of prospectors from various parts of the province who met here Monday.

The amendment to the Mineral Act received second reading in the Provincial Legislature.

"The prospectors felt keenly that the district mining engineers should be continued and the (Mineral Survey and Development) Act enforced, allowing the engineers to do their work in the field as they did when the act was first instituted to assist the prospectors," the letter read. "There have been many new men encouraged to go prospecting as a result of assistance and information supplied by the government district engineers."

The letter also said miners "felt that the date of expiration of the free miners' certificate should not be changed as men are now advised to renew their license at the end of May," and explained that by changing it to the 1st of June would "confuse in the prospectors' minds the exact date of expiration of this license."

The prospectors recommended that a clause in the Mineral Act amendment which allows a prospector to stake only three claims in any location be increased to eight claims, or three groups of eight claims in any one mining division.

"It is pointed out by these experienced men that in many parts of the country it is necessary to locate ground for camp buildings, tunnel sites and many other problems that enter into the development of a mine, as well as the fact that mining companies require more ground than is covered in three claims," the letter continued. "Also there are so many instances where the surrounding claim owners will not sell at a reasonable price and thus prevent the legitimate prospector from disposing of his property."

### ASSESSMENT WORK

The delegates at the meeting also claimed the section of the amendment covering assessment work objectionable as the season in most places is limited to about four months in the summer, and that a prospector can not pack more supplies than is necessary for him to get by with on his prospecting trip.

"Any suggestion that the gold commissioner or mining recorder would have the right to accept an excuse from a prospector that he could not do certain things within a certain time would not be satisfactory, as a question of that kind, the prospectors feel, would be at the mercy of the mining recorder or gold commissioner, and might result in the title of their properties being questioned at some future date," the letter stated. "They ask that the original regulation, that is that \$100 assessment work on each mineral claim be done within 12 months from the date of recording, be kept in existence and that this regulation be fully enforced."

The prospectors also suggest that the annual report of the resident mining engineers should be issued and in the hands of the public not later than March 31 in each year.

## Unemployment In Alberta Lower

EDMONTON (CP)—Registrations of unemployed in Alberta totaled 10,718 for the week ended last Saturday, according to records of the provincial employment service issued today. For the same week in November, 1936, jobless registrations with the bureau were 11,868.

This year's total included 9,658 jobless men and 1,060 jobless women. Calgary headed the list with 4,631, unplaced male applicants, while Edmonton had 3,907 men seeking work. A year ago Calgary had 5,508 jobless men and Edmonton had 4,371.

Use of squared timbers in coal mines is advocated by a state inspector, who points out that timbers roll, and in other ways may cause accidents.

### CATARRH GONE

Clear your head, open breathing passages, end suffering, ease stiffness this winter with "NOSTROLINE" Nasal Remedy. Backed by over 14,000 British Doctors. Cures Catarrh direct from Bristol, England. Modern British Catarrh remedy now helps VICTORIA sufferers. Instant relief. "NOSTROLINE" banishes Catarrh, colds, Grip, Head Noises, Catarrhal Deafness. Adults and children. 50¢.

## Next, The Civic Election

WITH GENERAL NOMINATIONS TOMORROW, electors of Victoria will go to the municipal polls next week. There will be a contest for the mayoralty, an aldermanic by-election to fill the former Alderman Hunter's seat for the balance of his unfinished term, and an election occasioned by the automatic retirement of five aldermen who have served their two-year period. These with competition for school trustee honors will make this an all-round civic battle of the ballots.

Politics, either provincial or federal, do not enter into municipal contests or controversies. But the entry of Dr. Hunter as an opponent of Mayor Andrew McGavin will add a little spice to the pros and cons that will be advanced in the bid for the chief magistracy. The present incumbent has had one term only. It will be for the electors to say whether they think a fairly well established precedent should be followed and Mayor McGavin given a second term. Dr. Hunter is a new member of the Legislature with considerable aldermanic experience behind him.

The main point about the forthcoming elections, however, is the fact that there is plenty of good material from which to choose. That so many have announced their candidature is a healthy sign of growing interest in municipal affairs in which most of us are intimately concerned in one way or another.

It is the duty of the electors, in their own interests, to familiarize themselves with their civic business and the qualifications of the candidates who are desirous of serving them. But it is the vote that counts, for it is not a bit of use for a property owner or the ordinary voter who enjoys the use of the franchise to grumble after the election if he or she does not get the kind of government desired—if votes are not polled.

## G. B. S. and War

GEORGE BERNARD SHAW WAS ASKED on Armistice Day, 1936, whether there would be another World War. He replied: "Not necessarily," and said "war is such a horrible business that the powers dare not fight one another." He was asked this year whether his 1936 pronouncement still held. Said he: "It holds better."

G. B. S. supported his optimism by a recital of continental European conditions as they presented themselves to him today. He obviously is not particularly impressed by the strutting role of the two principal dictators for the reason that their screaming for the things they think they ought to have are unattainable unless they are prepared to back their demands with the necessary force. Mr. Shaw put it this way to his interviewer:

"Neither Hitler nor Mussolini has as yet defied us on a fighting point, though they have kicked our bottoms unmercifully on points over which they knew we could not go to war. We brought that on ourselves in 1918. And now we are paying the penalty."

"The treaty, however, drove a wedge between Italy and Austria which can hardly be got rid of unless the axis (Rome-Berlin) amalgamates into a gigantic Central European federation of Italy, Austria and Germany, which would raise, as between Hitler and Mussolini, the old problem of two men riding the same horse—which shall ride behind. There is no immediate danger of that, is there?"

There is, of course, always danger of war, as Mr. Shaw agrees, as long as there are foolish persons in old school ties or Napoleonic adventures about, but he sees no unusual danger to that at present.

## What Does It Want?

IT IS VERY DESCENDING ON THE part of The Vancouver Daily Province to tell the Liberals of Victoria that they are entitled, "by all the rules of the political game," to make what they honestly can of Mr. Mayhew's impressive Liberal victory on Monday.

But the Province is far from happy about the result. It did not know quite what to say about it while the campaign was on. It said something, of course, but nobody knew what it wanted. Nobody ever does know what our mainland contemporary wants. It simply cannot discuss important national issues dispassionately. It tries to get on the right side in its own peculiar way; but it generally fails miserably.

Be it noted, nevertheless, the Province actually did let itself go when it told us editorially yesterday—as did the Colonist—that Mr. Mayhew was elected on a minority vote, that he had no more than 40 per cent of the ballots cast in his favor. This is rather shocking for the Province. Perhaps it will tell us what ought to be done about it. Here is a chance for it to work out a change for Canada's electoral system.

And while we are making suggestions to the Province, how would it be if it tried to find out what is the matter with the mental processes of so many millions of Canadians who will persist in voting Liberal and for the principles of Liberalism every time they are confronted with a ballot paper.

Our mainland contemporary is quite good, as Mr. Bennett is, when it deals with hypothetical conditions.

## No Loan For Italy

BRITISH FINANCIERS AND BANKERS who have been given an intense sounding out on the prospect of a \$150,000,000 loan—secretly conducted by Count Volpi, head of the Fascist Confederation of Industrialists, and the most powerful man in Italy after Mussolini—are not in the mood for an Italian "touch." A dispatch from London intimates that Count Volpi has now been told politely but flatly that no money will be lent.

The loan Italy wants was supposed to be employed in the expansion of Italian industry, but financial Britain's refusal to lend naturally means that cognizance has been taken of the fact that Italian finances are daily deteriorating. The British treasury and the Bank of England also realize that Mussolini's ban on imports, save those needed for food and armaments, has been partly occasioned by the enormous financial drain on Italian finances as a result of the Ethiopian and Spanish wars.

In spite of all this, the Fascist leader is trying to maintain his bellicose attitude, his cynical pose towards peaceful approaches by nations that know his country's financial plight. The Italian people are easily regimented; but the rising cost of living—20 per cent in a year—may furnish a dangerous reaction to Mussolini's bombast.

## Impatience Is No Good

NAZI NEWSPAPERS ASSERTED TODAY that French and British statesmen make a mistake in considering Germany's demands for a return of her pre-war colonies as a part of the general international problem. The Berliner Tageblatt—usually a Hitler mouthpiece—describes the communique issued in London last night at the conclusion of British-Franco conversations as "a new edition of outworn formulas," and "the longer this continues the less it interests us."

The Berlin daily's statement, to give it its best description, is ill-digested and out of tune with the new feeling that, at long last, has begun to make itself apparent in Europe. Germany will not get her former colonies back by threats. There is, however, every likelihood that this irritating problem will be settled amicably in the not distant future if sweet reasonableness is permitted to be the governing factor.

Britain has been very patient with Germany—much more patient than she was expected to be with some of the "old school"—the "playing fields of Eton" and all that—still able to wield considerable influence in quarters where it is most effectively felt. Germany has a great deal more to gain by playing the game with Britain and France than she has in shaking her fist at them.

## Fog That Is Fog

ENGLAND HAS JUST SHAKEN OFF another of her periodical super fogs. It caused several fatalities and numerous more or less serious accidents. London battled with her worst "pea-souper" in years.

One of this variety has to be seen, smelt, and battled with to be understood. You can describe it to the uninitiated in the most minute details of which words are capable; but your description more often than not is put in the category of imagination. After all, it is not surprising, because there is no climatic phenomenon quite as terrifying in its silence and lack of movement. Earth tremors, thunder and lightning, of course, may be more alarming in their own way to some people, dependent largely upon their mentality. They can be felt, heard, and seen.

The fog can be seen, too, but its almost unbelievably rapid descent bewilders both the panicky and the philosophical—and it is literally impenetrable. You just can not see your hand a yard in front of you. You can shut your doors and windows as tightly as their structure permits, but a "pea-souper" will bore its way through a keyhole to every room of your dwelling. It leaves its filthy film of "smuts" on everything, animate and inanimate.

Even Vancouver's worst fog would be put in the mild-mist class by veterans of many "pea-soupers."

As far as Germany was concerned, the Brussels peace conference amounted to nothing more than a Nein power parley.

Evidently Hon. J. G. Gardiner was stating fact when he voiced his feeling that "Mr. Bennett was one of the great assets of the Liberal party."

## THE SIGNIFICANCE OF VICTORIA

The Vancouver Sun  
The importance of the Victoria by-election lies not in the fact that it has returned a Liberal member to Parliament, but in the fact that it indicates the public's reaction to the comparative policies of Liberals and Conservatives and the C.C.F.

For these three parties made the Victoria contest a national issue. They sent their leaders into the fight. They outlined the platforms of the candidates upon the broadest national basis.

And from that standpoint and on that issue a federal riding that has been a Conservative stronghold for 31 years returned an overwhelming verdict in favor of the Liberal programme.

This indicates four major circumstances: 1. That the people of Canada are pleased with the Mackenzie King administration. 2. That the Pattullo administration, sufficiently close to have been embarrassing otherwise, also enjoys the confidence of the public. 3. That Liberalism is still definitely on the upswing in Canada. 4. That the old bogey of flagwaving and perverted patriotism, produced by Mr. Bennett in this campaign, is no longer credible to the public even in a community of such British sentiments and imperial ties as Victoria.

The significance of this by-election is that Canada is still moving in sane and whole-some course and national affairs.

## Across the Bay

By BRUCE HUTCHISON

### ROW

THE HOUSE opened dogged and bleak on Tuesday, with the first touch of winter cold outside and inside the first faint feeling of Christmas and the old familiar call of home. But by night the chill and the boredom had worn off and before it realized what was happening the House was in the middle of a first-class row, angry retorts, threats of filibuster, loud shouts from the chair, flushed faces and all the incidents of parliamentary-war.

These excursions and alarms, however, didn't develop until late. All afternoon the House did business, plodded on—doggedly, clause by clause, section by section, act by act, richly earning its indemnities.

### COAL

THE DAY started with the C.C.F., as usual, leading the opposition. It made a spirited fight for some amendments to coal mining legislation proposed by that fiery old workman's champion, Sam Guthrie. He delivered a series of impassioned pleas for the rights of coal miners, knowing their lot better than any man in the House because he once was one of them.

Mr. Pearson, who was born within a stone's throw of a coal dump, the son of a miner, made just as spirited replies, to show that he was as much concerned about the welfare of miners as anyone, which nobody has ever doubted.

The going got quite hard for a while when Mr. Uphill, a coal miner who now works the somewhat easier seam of politics, used Mr. Guthrie's amendments as a convenient peg for a general attack on capitalist society. He blurted out in any angry moment that corporations ran all governments and instantly the Premier, suddenly red of face, jumped up in high indignation to say that this government and not the corporations was running British Columbia.

There was a moment's uproar and another tense moment when the elder Mr. Winch tried to talk about phases of coal mining which Mr. Pearson had already discussed and Chairman Carson stopped him. "Be fair!" cried Mr. Winch angrily, demanding the same rights as Mr. Pearson, and Mr. Carson had to admit that he had let the whole argument go too far afield. But Mr. Winch, even with his son's support, never did get his point in.

### LONELY FIGURE

IN THE end Mr. Guthrie had the satisfaction of getting the Conservative party to vote solidly with him where in the past it has supported the government against the Socialists. And, to everyone's surprise, a lonely figure stood up in the government's ranks to vote against the government—Dr. J. J. Gillis, president of the Liberal caucus, who has been skeptical of many government policies in the past and recently unbecomingly himself of some dark doubts about Mr. Hart's budget.

This was the first breach in the government's ranks in this Parliament. No others are in prospect at the moment, the rebel Group of Eight in the last House having formally dissolved, some of its members seeking cabinet rank.

The C.C.F. had another major satisfaction during the afternoon. The elder Mr. Winch has been trying for years to secure legislation enforcing medical examination for those about to marry. This time, when he reintroduced his bill, Dr. Weir announced that Mr. Winch was about to get his way. A year from now the government itself will introduce just such a bill. For this Mr. Winch will be able to take major credit. Meanwhile he dropped his present bill, knowing that his fight was won.

For the rest of the afternoon the House ploughed through the Securities Act, reading its sections and innumerable subsections word by word, until Mr. Carson was hoarse.

### WRANGLE

BUT REFRESHED by dinner the House plunged into such a neighborly chinwag that the Premier finally had to protest that at this rate we would never get home for Christmas—a thought which instantly chilled everyone. Dr. Patterson agreed that there was too much time wasted in talk. Everyone agreed. Everyone went on talking as hard as ever.

Mr. Perry made a colorful appeal for the forgotten man of British Columbia, the farmer who is keeping off relief, the kulak cursed by his envious neighbor on relief and overlooked by governments. Mr. LeBourdais, like Oliver Twist, asked for more road money to be spent in Cariboo and got Oliver Twist's reception—a chorus of groans from members who are all getting less than Cariboo.

This was all very cosy, but Chairman Carson plunged the House into hot water by blandly announcing that the debate must be curtailed because the Prime Minister and the Opposition Leader requested it. They, of course, have no control of the House and Mr. Winch was quick to remind the chairman of this obvious fact and went on talking.

In the ensuing wrangle Dr. Telford threatened to keep the House going until after Christmas if he didn't get the information he wanted. The Premier said he considered this a threat. Dr. Telford persisted. Mr. Carson did not wish to hear any more from Dr. Telford. Dr. Gillis, still rebellious, would say what he pleased. Mr. Bruhn tried to say what he pleased. Mr. Carson shouted him down.

And so, everyone agreeing that talk must be curtailed, the House kept talking on estimates, and making such small progress that the threat of Christmas Eve prorogation became too real for comfort.

Tom Reid, the bagging M.P. from New Westminster, put it this way: "I felt I should play Mr. Bennett a lament. He came all the way from Halifax to Victoria with the Union Jack wrapped around him and he is going home in nothing but his underwear."

## Building Boom Looked To As Way To Better Times

By RODNEY DUTCHER

WASHINGTON.  
ANYONE who has an idea how to start a building boom will kindly forward same to the White House.

A secret call for suggestions recently went out to all spots in the federal set-up which have been in any way concerned with housing. Numerous confidential reports have been or are being prepared. Experts in one agency were told by a superior to submit all ideas they had, whether the ideas seemed sound or not.

Behind the President's sudden active interest is a rather widespread belief among his advisers that before long the country may need a building boom or an armament programme in order to give a fillip to business and employment. Few prefer the armament method.

A secondary factor is the high cost of living. Rents are rising and although this ordinarily would cause a spurt in dwelling construction, no such effect is in sight because building costs also have risen sharply. Rents threaten to add even greater burdens to the H.C.L. because there's a huge national housing shortage.

### HIGH COSTS BLOCK HOUSING

THE administration wants to stress home building, rather than construction of productive plants, which it seems to think would increase technological unemployment and perhaps produce only for non-existence markets.

Secretary Ickes has cited figures indicating that 5,500,000 new dwellings are "needed." Other estimates say 750,000 new homes a year are needed for replacement. Only 282,000 were built last year and the number for this year will be little if any higher.

Subdued mumbling over high, inflexible building material costs and high, inflexible building labor costs is audible again here in high places. With emphasis on the former. Raw material prices have declined while building material prices based thereon have gone up. Suggestions as to what can be done about building costs are usually vague.

There are proposals to cut the Federal Housing Administration's interest rate by 1 per cent and to raise its mortgage limit from 80 to 90 per cent. Many authorities consider these to be doubtful expedients.

### WOULD LURE INVESTORS

ANOTHER proposal being carefully considered is to exempt from the capital-gains tax persons who would invest their otherwise taxable gains in housing.

An obviously desirable method of stimulating a boom is to attract capital into limited dividend housing corporations and the most realistic thinkers are trying to figure how. Primary obstacle is the fact that people with money to invest appear to be speculative-minded rather than investment-minded.

The human animal shows a marked preference for profits of from 10 to 100 per cent when offered a safe, low return, long-time investment in housing. Authorities here say that complete safety in limited dividend housing requires a dividend limit of about 4 per cent, since dwellings offering rents based on that rate are always sure to be occupied whereas a rate of, say 6 per cent presents the risk of vacancies in any time of depression.

### NEED CAPITAL OUTLET

SO THE problem appears to be one of getting the investing public and responsible promoters interested in putting billions of dollars into this 4 to 6 per cent market and leaving them lie.

Administration advisers agree with President Gay of the New York Stock Exchange that "what the country needs is capital outlet." But most of them add, not through Wall Street. Investment in housing is the best outlet, they think, not only from the standpoint of the national welfare but that of the individual investor who lately has been shown that it is still possible to lose his shirt in the stock market.

### Better English

By D. C. WILLIAMS

1. What is wrong with this sentence: "The accident took place yesterday."

2. What is the correct pronunciation of "hostile"?

3. Which one of these words is misspelled? Porridge, potassium, polio, possess.

4. What does the word "ingenuity" mean?

5. What is a word beginning with tan that means "equivalent in value, or effect"?

Answers  
1. Say, "The accident occurred yesterday." 2. Pronounce hostile, o as in of, f as in ill. 3. Polio. 4. Cleverness in contriving or inventing. "The idea would require the ingenuity of an Edison." 5. Tantamount.

## NOW THAT WE CAN ALL CAEM DOWN

To the Editor:—Now that "the tumult and the shouting dies, and the captains and the kings depart," may I be allowed to point out that the widespread ruin over British Columbia so forcibly foretold by Mr. McKelvie and others is not in the least likely to come to pass, judging from statements lately made in the British House of Commons.

Mr. Oliver Stanley, President of the Board of Trade, said the negotiations for the proposed Anglo-American trade agreement were still in the preliminary stages and the principle of the Ottawa agreements was not being questioned, nor was there any idea of abandoning imperial preference—no satisfactory agreement could be made between Great Britain and the United States that was not in effect an agreement with the whole British Commonwealth. If any concessions desired by the United States are at the expense of the Dominions it would certainly be arranged that they should receive adequate compensation by some three-cornered arrangement.

In these troublous times an Anglo-American trade agreement must be of the greatest value, not so much in the way of trade but as the beginning of co-operation in general and for the furtherance of world peace.

A. MORRIS, Colonel, Late the Royal Irish Regiment, 2100 Brighton Ave., Oak Bay.

## FASCISM AND DUPES

To the Editor:—All the way from Toronto comes a letter by C. Brandel extolling the virtues and benefits to mankind to be derived from Fascism, which at best seems to be a cult of irresponsible authority and abject submission. Since the inception of Fascism in Italy and its contemporary in Germany, one can say it is proving itself (either Fascism or misallied National Socialism) to be the common stamping ground of a heterogeneous band of discontent. It is a futile effort of reactionary organized and disorganized fear, metaphorically speaking, to put back the clock. Supporters, one could say blind supporters, of the Fascist mode of adjusting capitalism in a reactionary attempt to circumvent the universal law of change, are unfortunately unable to see the evolutionary course of organic development, which includes all human beings, whether Jew or Gentile. They are also unable to see the class nature of society, classes whose interests are opposed. Failure on the part of many of the general public to understand the development of the forces of production in relation to the laws of capitalist production, causes them to fall for the soothing appeals of a reactionary egoist. These reactionaries, it has been proved, while promising such things as economic security, freedom and prosperity to all, actually, when their dupes have given them power, destroy all freedom, political or otherwise. With the aid of a gang of thugs, called storm troops, internment camps, castor oil and beheading blocks, the ego-manics seem temporarily to maintain submission of the mass. But unfortunately for the ego-manics, and the foolish rank-and-file who support them, this mode of attempting to play fast and loose with universal laws of development is merely the product of an unsound mind and must necessarily disappear.

C. C. HARRISON.

## SERVICE TO UNFORTUNATE

To the Editor:—I have been a voluntary helper at the Sunshine Inn for the past three years, and it used to give me heart a glad leap to see the men coming in on a cold morning warming themselves by the bright glowing fire in the entrance hall and sitting down to a steaming plate of porridge. Surely, as winter is coming on such a thought of closing cannot be permissible.

The Sunshine Inn has had less from the public than any organization in the city; it has never had a tag day, but just trusted to the kindness and generosity of its donors and subscribers.

The people on relief here today have to contend with the fact that all food prices have gone up, but the relief allowance does not advance. Is it any wonder that the hospitals are full of sick and undernourished people? England's dole is \$6 a week; here it is about \$3.

Life is very hard to a great many of us just now, and we surely cannot add to the burden by taking away that which he hath.

M. L. KEMPPTHORNE, 828 Courtney St.

## LONDON'S STRAY CATS HAVE TITLED "ANGEL"

From Daily Mail, London  
A 70-year-old daughter of the third Baron Abinger, the Hon. Mrs. Helen Charlton, tours the West End of London nightly with a basket of delicacies for stray cats—and she has canceled her holidays in case her wandering pets should suffer. Her basket contains such things as minced salmon, pate de foie gras, minced beef and cartons of milk.

# DAVID SPENCER LIMITED

## WANTS SHORT WAITS

To the Editor:—It seems to me that whether we have street cars or buses there should be a ten or twelve-minute service wherever possible. Visitors complain very much about the length of time between transportations and it is most trying for those who live here. Even ten minutes is a long time to wait on a cold day when one is quite unavoidably a minute late. The street car conductors and bus operators are very considerate and obliging but they have to keep their schedules and cannot be expected to be always waiting for belated passengers or those who are unable to run.

Twenty minutes is much too long and is the cause of very many people shopping by telephone, this means a great loss to the stores, both city and rural, because if the public can personally visit the shops, see the tastefully arranged windows, many very beautiful, and the wide variety of pretty and useful things on display, they will often buy far more than they would by shopping over the telephone.

Many people do not want high speed as they like to know whether their next minute will be on earth or in heaven, but they like to be able to keep appointments without having to wait 20 minutes if a bus or car has been just missed, knowing that another will be along very soon.

I think lower steps would be an advantage, I have seen so many elderly people trying to tug themselves up over those steps with such effort.

A. T. HINCKS.

## SAW INSIDE MINING "SWINDLE"

To the Editor:—It is gratifying to learn that there is to be legislation to prevent all this swindling in connection with mining stock. Your recent editorial entitled "Mine Promotion Rackets" is informative in the fact that it points out the mine promotion brokers receive 20 per cent commission, as against only 5 per cent received by real estate brokers.

I hope the new act will make it compulsory for a broker to inform his client, when he is selling stock that is owned outright by himself. It is a common practice for brokers to buy up large blocks of stock and by means of false reports, to unload this stock on their customers.

Some years ago I was helping a friend audit the books of a B.C. mining company, and noticed that one man had bought an enormous quantity of shares, but at some ridiculously low price, such as 1 1/2¢ a share. Prospective investors were then informed that Mr. So and So, a very shrewd business man, had bought 50,000 shares. But they were not told what he gave for them. This, of course, is just common swindling, and there should be some way of preventing it so that a man coming into possession of the facts of the case can repudiate the transaction.

SYDNEY ASHDOWN, 1085 Deal St.

**New Method**  
**LAUNDRIES LIMITED**

Andre Mathieu, eight-year-old pianist of Montreal, is shown as he sailed from New York City on the Normandie. Andre is the winner of a Quebec Provincial Government scholarship, and will study in France.

By E. L. F.

Wake Up! English Malls close soon! Delightful gifts... easy to send... and always appreciated... are found at Old Peking, 613 B Fort St.

Dance to swingtime and feel your gayest self! New formal slippers are little gems of foot-wear in silver, gold and black kid in brilliantly colored crepes, satins or brocades.

You Save—when you buy at English Bakery, 726 Fort. Mince Pies, 40c a dozen; larger size, 25c each. Tasty Pork Pies, 40c a pound, any size. Not a crumb ever wasted!

Mink, Persian, caracul, fox and wolf collars do the dramatic in convertible themes this season... and the new muff collars will keep your little hands warm as toast.

Why Be At Sea... about that gift for him? E. A. Morris Ltd., 1116 Government St., have many gift suggestions. Here's one... cigarette cases in ribbed silver finish... sandalwood lined... filled with finest English cigarettes. Two different sizes.

In any instance a gift of cigarettes would be delightful.

Make Your Gift Pay a Compliment! She loves glamorous things that look as if they came from Paris. Tiny bottles of Cologne... wisps of powder puffs... dainty compacts... thrilling perfumes... all reasonably priced at McFarlane Drug Co., 1327 Douglas St.

Give Her Cosmetics! She can always use the better-known ones that are internationally famous.

First Time in Victoria! Period Arts, 801 Government, have just received a shipment of Royal Doulton Ware featuring scenes of Queen Elizabeth's visit to Morton Hall in 1589. Small pieces and large... each bit spells perfection. A gift suggestion that is different!

Do wear soft tones in thin wool under furs... sequin topped crepe when you "don't dress."

Sweet Lavender! A fragrance that spells enchantment! Dainty sachets to slip in a letter... coat hangers and other lavender novelties at Posh Shop, 623 Fort.

Your sporting self will be mirrored in velvet... your formal self will be snapped at the smartest supper dances in velvet. It appears in so many new colors and textures you will choose a whole wardrobe of velvet if you are fond of it.

She'll Set the Pace... if Miss Livingston suggests her accessories. A smart evening corsage... a triple necklace of pearls... sheer evening handkerchiefs in exquisite shades... all at this smart little shop... 621 View.

Give Her Gloves! Sleek fabrics with sophisticated trims. A color for every winter ensemble she owns.

Just Discovered! English Sweet Shop, 726 A Yates, has just received a new shipment of English candies and chocolates. Choose yours now... while the selection is best.

If you want to see just how happy Christmas can make a woman... give her a luxurious Hudson seal coat.

Devastating! Afternoon frocks... slim as telephone poles and simply gorgeous in their intricate draping and new nailhead trims. Sophisticated cocktail hour dresses... that have taken Victoria by storm. Find them at Madame Runge's, 1126 Douglas Street.

Why don't you wear the smart new fashions and look like the glamorous woman of the world Dame Fashion has decreed for this winter?

Your Crown! A hair style that is new and becoming! Get your permanent at Reimer's Beauty Shoppe, 1004 Broad St. Look your best for Christmas!

Fringe is sometimes applied in row after row on bodice and sleeves... and again in discreet all-over treatment on both skirt and bodice.

Bow-wow! Your dog likes comfort, too. See the exceptionally well-made dog baskets at the Pet Shop, 1412 Douglas St. You'll want one right away.

Classic Sports Dresses have the new full sleeves gathered into tight cuffs, with high tailored necklines with novel and smart button closings.

## Once Heiress, Now Has To Work

Miss Grant Morden Tells Of Her Fallen Fortunes

LONDON—Reduced to comparative poverty, living in tiny rooms over a stable in Grosvenor-crescent Mews, Hyde Park, blonde Patricia Grant Morden, 25, once reputed Britain's richest heiress, now works 14 hours a day for her living.

Seven years ago, waited on hand and foot, she lived at Heatherden Hall, Bucks, on which her father, Colonel Walter Grant Morden, reputed millionaire financier, politician and sportsman, spent £300,000.

Anything she asked for, he gave her.

Now she gets up early every morning, grooms horses, sweeps the stalls where she and her partner run a riding stable and school.

Dressed in riding breeches, she told a press representative how she has had to work.

"Mind you," she said, smiling gaily, "I'm not complaining. When father lost his money I found who were my true friends."

"At Heatherden Hall we had a swimming pool, Turkish bath, everything money could buy."

"Then came the crash. Daddy went bankrupt and a few months later, after his death, we found he had left £10."

"All I had in the world was Topper, a hunter he had given me. Topper has been with me ever since, though often I have almost had to part with him."

Miss Morden stroked the head of a large brown horse by her side. It was Topper.

"I tried several jobs without much success, but I always kept Topper with me," she continued. "Then, six years ago, I met my partner. He had £40 and two horses. We decided to gamble all in a riding stable and school. "It has been hard work. Many of my old friends have cut me dead."

"Now we are doing well many of them have tried to resume old 'friendships,' but I want nothing to do with them."

Miss Morden is the granddaughter of the late Mrs. Julia Henshaw of Caulfield, Vancouver.

## News of Clubwomen

The Central Branch of the W.C.T.U. will meet in the Y.W.C.A. tomorrow at 3.

The Women's Auxiliary of the Imperial Veterans' Association will hold its monthly whist drive on Thursday, December 2, at 8.30, in the Hard of Hearing Club Hall, 1011 Government Street.

The annual meeting of the Victoria Women's Institute will be held in the headquarters, 635 Fort Street, on Friday afternoon at 2.15.

Mrs. L. A. Gane, 1126 Dallas Road, will be hostess to members of the Women's Parish Guild of Christ Church Cathedral, at a silver tea on Friday afternoon from 3 to 5.30.

The Sketch Club of the Island Arts and Crafts Society will hold its annual Christmas sale of hand-painted cards, calendars, pottery, etc., in their clubroom, 404 Jones Building, on Thursday, Friday and Saturday afternoons. Tea will be served.

Rev. Wm. Allan will be the guest speaker at the weekly public meeting for women at 2.30 o'clock tomorrow afternoon in the Salvation Army Citadel, Broad Street. Mrs. M. Wilkinson, secretary of the Victoria Home League, will preside and all women are invited.

Plans for the annual Christmas party for the children in the ward at the Jubilee Hospital were made by the Daughters of Pity at the monthly meeting held last night at the Nurses' Home, with Miss M. Siddall, president, in the chair. The party will be held on Thursday, December 23, at 3 in the afternoon and all the children will receive gifts. A programme is being arranged. It was reported that the sum of \$35.75 towards the purchase of a ward ambulance for the children, was realized from the recent card party.

Nun Hope was guest speaker at the monthly meeting of the study group of Assembly No. 30 Canadian Daughters League at the home of Mrs. G. H. Stewart, 226 Moss Street, recently. A hearty vote of thanks was extended Mr. Hope by Mrs. P. Fitzsimmons, after which the hostess served refreshments from a

table arranged with a lace cloth and chrysanthemums in a silver basket, flanked by yellow tapers in silver holders. The next meeting of the study group will be addressed by K. C. Symons on "The Tower of London."

The Craigflower Women's Institute held a successful card party on Friday, with 70 persons present. Mrs. Gouge, Mrs. Rankin, Mrs. Bate and Mrs. McKinnell were in charge of the arrangements. Court whist was played, the prize-winners being: Ladies' first prize, Mrs. C. S. Richards; consolation, Mrs. Bles; men's first prize, Mr. Garnet; consolation, Mr. Sheard. The prize for the lucky chair went to Mr. P. B. Ross. Mrs. Pope won the cushion made and donated by Miss June Pilgrim. Mrs. Waring and her committee served refreshments. The proceeds will be devoted to the children's Christmas party. It was decided to hold another card party early in January.

## Woman Charged With Polygamy

BOSTON (CP) — Mrs. Marie Christopher, Newfoundland native, was detained by Boston police today on polygamy charges in a strange marital tangle. Officials said she told them: "My mother told me that if I wasn't married in the church then the marriage wasn't legal." Held with the woman was Amorino Christopher, 40, of Revere. Officers alleged while still legally her husband, he was best man at her third, and fifth marriages.

CENTENNIAL Y.P.S. The Centennial Young People's Society held their monthly social in the Sunday schoolroom, on Tuesday evening. The group was divided up and given the name of well-known colleges, and then entered into competitive games

under the direction of Bill Deaville. The "Yale" team, captained by Ernie Hatch, were the winners. Refreshments were served by the social committee under the supervision of Ivy Amos. Next week's meeting will be held in the church parlor, and Rev. John Bell, assistant minister of First United Church, will be the guest speaker.

The W.A. to the Victoria Horticultural Society will hold a card party in the Liberal headquarters, Broughton and Government Street, Saturday evening at 8. This being the first party of the season, the ladies are hoping to meet all old friends, together with many new ones. Good prizes will be given and refreshments will be served.

Victoria West P.T.A. will hold a card party in the school auditorium on Friday evening at 8. Bridge and 500 will be played, and prizes and refreshments will be provided.

## BY-ELECTION IN ALBERTA

Aberhart Taxation Promise Is Issue in Lethbridge Vote Tomorrow

LETHBRIDGE, Alta. (CP)—Premier Aberhart's promise of a system of taxation based on production was before the electors today as final appeals were made in the Lethbridge provincial by-election.

Balloting, made necessary by the resignation of Hans Wright, Social Credit member of the Legislature, will be held tomorrow. All polls but one will open at 8 a.m. and close at 7 p.m. One rural poll will close at 6 p.m. Asking why a farmer who had no crop or a jobless home-owner should be forced to pay taxes.

the Premier promised substitution of the new assessment system "as soon as possible." First contested provincial by-election in a riding won by a Social Creditor in the August 22, 1935, general election, the battle is between A. J. Burnap, Social Credit nominee, and Dr. Peter M. Campbell, Unity League candidate supported by the Liberal and Conservative parties.

Dr. Campbell, appealing to the voters on a platform for "sane, stable government," held the last meeting of his campaign Tuesday night, speaking to an audience of miners.

—Russia imported over 9,000 tons of crude tin last year.

A new mining centre in Sardinia is expected to become one of the most important coal mines in Europe.

## CALLING ALL DOGS

By ALBERT PAYSON TERRHUNE

The Hermit and His Dog

This is a true story. In the Middle West lived a disreputable old hermit, whose only chum was his collie dog. He and the collie had lived happily together in a tumble-down one-room shack for 15 years. Then old age and rheumatism and hopeless poverty gripped the man.

So one bitter cold winter day

## NEW MARRIAGE LAW PROPOSED

Government May Seek Tests  
For Syphilis at Next  
Session

Hon. G. M. Weir, Provincial Secretary, announced in the British Columbia Legislature yesterday that in revision of the Marriage Act during the next session compulsory blood tests to test for syphilis of parties contracting a marriage and production of health certificates will be considered.

On this understanding E. E. Winch, C.C.F., Burnaby, withdrew a bill which would have made it necessary for intending partners to get health certificates which they would produce to each other before being wed.

Dr. Weir said he planned to have a committee of women's organizations, ministers, departmental officials and Mr. Winch consider the marriage law.

He said his experts had already worked on the proposal for venereal disease tests of intending couples, but due to the somewhat doubtful value of the examinations, as seen by medical men, it was premature to go ahead immediately with legislation.

**MANY GO TO U.S.**  
Of particular importance, he said, was that the co-operation of the state of Washington would be required in a programme of this kind since 20 couples a week went from B.C. to be married in that state. This situation really required a similar law there.

"I know all members of the House are interested in protecting our youth against the scourge," he said. "I have had our technical experts working on it some time."

He noted that unless great care was taken subterfuges could be restored to void the whole purpose of the plan.

Mr. Winch in moving his proposal earlier reminded the House he had attempted it last year. Now that there had been such widespread publicity on venereal disease he thought it was understood better.

He quoted the Royal Com-

mission on Mental Hygiene as stating that syphilis would infect families from one to two generations or more and was responsible for abortions, still births, early deaths and much misery for those who did not die.

"Some of us who have visited our institutions will realize the need for this," he said.

In communication with the 48 United States he had found that 15 actually had regulations covering it, five others were proposing laws, and five were favorable to it.

**EFFECTS OF DISEASE**  
He quoted findings in New Mexico that the incidence of syphilis among married women was 10 times greater than among single women, the assumption being it was passed on by husbands.

"The time is past due for something of this kind, particularly to protect the wives, and more particularly to protect their offspring," he said.

After Dr. Weir's explanation of his plans Mr. Winch said he was pleased the government was acting and would withdraw his amendment rather than place members of the House in the position of having to vote against it.

## Cancer Research Sought in House

Hon. G. M. Weir, Provincial Secretary, said in the Legislature last night he would gladly undertake cancer research in his department if the money were available.

Up to now, he said, he had been concentrating on tuberculosis and venereal disease because these diseases were highly contagious and particularly attacked young people. Cancer, as far as the experts knew, was not contagious.

The minister's statement was in reply to Dr. J. J. Gillis, Liberal, Yale, who said that in view of the increased estimates for the department he would like a cancer research vote, especially because 80 per cent of cancer cases could be cured surgically if diagnosed early.

Dr. Weir said that costs for the department were higher because of the larger population and the increased price of commodities used by the provincial institutions.

## For Bad Winter Coughs, Mix This Remedy at Home

Quick Relief. Big Saving.  
So Easy. No Cooking.

This well known recipe is used by many thousands of housewives, because they have found that it gives them a much more dependable remedy for distressing winter coughs. It's so easy to mix—a child could do it.

From any drugist, get 2½ ounces of Pinex, a compound containing Norway Pine, in concentrated form, well known for its effect on throat membranes.

Then make a syrup by stirring two cups of granulated sugar and one cup

of water a few moments, until dissolved. It's no trouble at all, and takes but a moment. No cooking needed.

Put the Pinex into a 16 oz. bottle and add your syrup. This gives you 16 ounces of cough remedy, unusually quick-acting and dependable, and you get four times as much cough medicine for your money. It never spoils, and is very pleasant—children love it.

You'll be surprised by the way it takes hold of severe coughs, giving quick, satisfying relief. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. Money refunded if it doesn't please in every way.

## Temper Flare On Road Votes

Lengthy Debate in House  
Over Public Works  
Estimates

The Legislature sat for two hours last night on the Public Works Department estimates, as the annual demands of country members for larger appropriations were made.

Temper flared at some stages of the debate as members wandered off in the discussion and were called to order.

H. G. Perry, Liberal, Fort George, made a plea for construction of the Yellowhead Highway, suggesting the province turn over Mount Robson Park to Ottawa on the understanding that the federal government build the road from Jasper to the western boundary. He explained how construction of this link, the section from Tete Jaune to Kamloops by way of Blue River, and the section from McBride to Prince George, would complete a triangle loop in the north.

## NEW CATTLE RANCH IN NORTH

Louis LeBourdais, Liberal, Cariboo, asked for a larger road vote for his riding, which has 3,000 miles of road. He made a particular plea for a link from Quesnel to the upper Blackwater country, where, he said, the largest cattle ranch in B.C. was to be established with more than 10,000 head. This would mean considerable business for the P.G.E. railway in shipping steers, he said.

C. H. Tupper, Liberal, Similkameen, urged a different system of financing roads, saying the entire proceeds of the gasoline tax should be turned over to the Public Works Department, which would then know how much it was going to get each year.

Dr. Frank Patterson, opposition leader, said he was disappointed in the progress of the Hope-Princeton Road, which, at the present rate, would take another 75 years to complete. The government had promised to press it to completion, but only \$35,000 was allotted for it this year. And of this amount, Penitence businessmen believed had not been spent on the road. All the work done would not have cost more than \$6,000.

Premier Pattullo told Mr. Perry that the Dominion Government would give no undertaking of roads in return for Mount Robson Park or any other park.

Frank Putnam, Liberal, Nelson-Creston, predicted the Big Bend Highway would be a "white elephant" for years to come, and advised the government to be careful about maintenance costs before taking it over when it is completed.

## ARGUMENTS

During the discussion Harold Winch, C.C.F., Vancouver East, Premier Pattullo and R. H. Carson, Liberal, Kamloops, the committee chairman, developed a heated argument as to the latitude of discussion on estimates. Mr. Winch was finally ruled out of order in attempting to step outside the limits of discussion on the ministers' vote. Dr. J. J. Gillis, Liberal, Yale, maintained that strictly speaking the Premier was correct, but practice was to cover various subjects under this vote, and he proposed to exercise it.

Dr. Telford said if he could not get information about cost of grading from the minister, he would keep the House till Christmas asking questions about each individual contract. The Premier said he would not be threatened, and Mr. Carson said the House did not want to hear what Dr. Telford was going to do.

Mr. MacPherson said the cost of grading ran anywhere from \$500 to \$50,000 a mile, depending on the type of country, and Dr. Telford accepted this.

Later, when R. W. Bruhn, Independent, Salmon Arm, asked for information, tempers flared again, and he was ordered by Mr. Carson to sit down and confine himself to the vote.

He said he would read engineers' reports all night if he could not get his questions answered. "Wait a minute," said the Premier. "This House has some powers and no member has the right to obstruct the business of the country."

## MR. BRUHN'S RETORT

"Well, when you were in opposition you often used to tell us to be good or you'd keep us here all night," retorted Mr. Bruhn, who got his information. Dr. Gillis made a plea for road engineers to get as much salary as mining engineers, and raises for junior employees who had several years of service.

Mr. MacPherson announced that the department had adopted as a permanent policy the granting of \$350 a year to Victoria Automobile Club and \$2,000 to Vancouver for erecting highway signs.

## Freight Rates Probe Ordered

The Legislature yesterday instructed its railway committee to make an inquiry into the freight rate structure of the Pacific Great Eastern Railway.

The motion was initiated by Dr. J. Lyle Telford, C.C.F., Vancouver East, and amended by Premier Pattullo to remove what he termed "offensive language" from the text.

The inquiry probably will be held later in the week.

## WARM DEBATE ON MINERS

Government Votes Down  
Suggestion Introduced By  
Island C.C.F. Member

A bill for an amendment to the Coal Mines Regulations Act, when it went before the Legislature yesterday, brought on heated discussion and charges from Tom Uphill, Liberal, Fernie, that corporations controlled and ran every government in Canada, a charge which Premier Pattullo denied.

The bill, sponsored by Samuel Guthrie, C.C.F., Cowichan-Newcastle, asked that miners be given the right to name one of their own men to accompany the government inspector into a mine after an accident had taken place.

Hon. George Pearson, Minister of Mines, vigorously opposed the suggestion on the grounds an inspector should work without interference.

"Our whole theory is that an inspector should have full power in order to find out the things he wants in his own way," the minister said. "Such a right given to the men would be a hindrance and a handicap to the inspection service."

## AFRAID TO TELL TRUTH

Mr. Guthrie said he held the Mines Department responsible for the Beban disaster of last summer, and at the inquest, he said, the men were afraid to tell the truth because of fear of losing their jobs. They could not call their souls their own, he said, because of that fear.

Mr. Pearson said practically every miner in the province was organized under the C.I.O., and he asked what was the use of a union if its men were afraid to report the presence of gas in a mine.

Mr. Guthrie replied it was such organizations that had asked him to bring the amendment before the House.

The minister defended his inspectors, whom he said must be absolutely free to move as they saw fit. They were a sincere body of men, he said. Anyone who suggested they were under the domination of a company or corporation "must have a kink in his brain." He said no company was running the Mines Department.

Mr. Uphill said that if a mines inspector was lax in his duty and an accident occurred it was only natural he should want to get into the mine first, and alone, to cover up what he found.

R. L. Maitland, Conservative, Vancouver-Point Grey, said he thought the government would want to help the miners and welcome the suggestion that one of the men be allowed to enter the mine with the inspector after an accident. He said it would clear inspectors of any suspicion the miners might hold.

Mr. Uphill said he did not see why, if a company were honest, it should object to one of the men entering the mine with an inspector.

## RUNS OWN BUSINESS

When Mr. Uphill said corporations and companies were controlling the running of every government in Canada, both federally and provincially, the Premier said "I absolutely unequivocally deny that statement; this government is running the affairs of the people without the control of corporations and companies."

Mr. Guthrie's resolution was voted down by the government members, with the exception of Dr. J. J. Gillis, Liberal, Yale, who voted in favor of it with the entire Opposition, eight Conservatives, seven C.C.F., Labor and Independent.

Mr. Pearson received the unanimous approval of C.C.F. members for his amendment to the Coal Mines Regulation Act which says no boy under the age of 16 years, and no woman or girl of any age, shall be employed or be permitted to be in or about the surface workings of a colliery for the purpose of employment, and that no woman or girl of any age shall be employed underground in any mine, and no boy under the age of 18 years shall be employed underground in any mine after the end of this year.

About 35,000 to 40,000 ounces of gold are exported through Bombay, India, each week.

## SALES BILL IS COMPLETE

Herbert Anscomb Questions  
Right of Public to Ask Price  
Paid For Goods

Attorney-General Wismer's bill to protect the public against misrepresentation in the sale of goods at closing-out sales, passed final reading in the Legislature committee yesterday afternoon.

"The idea behind the act is that these sales, closing out, fire, smoke, water, are not in the best interests of the public, because they are misrepresented," Mr. Wismer said. "They serve to bring a lot of shoddy goods in through the back door."

Herbert Anscomb, Conservative, Victoria, wondered if it were fair that the act should give any member of the public the right to walk into a store and ask the proprietor how much he paid for his goods. H. E. Winch, C.C.F., Vancouver East, said such a clause was excellent, for it was the public concern in such sales.

Fred Crone, Liberal, Vancouver Centre, said such sales as the new act would rule against were "fakes, pure and simple."

G. M. Murray, Liberal, Lillooet, asked about dollar day sales, and was told by the Attorney-General that they were not covered in the act.

Mrs. D. G. Steeves, C.C.F., North Vancouver, said the big department stores had an unfortunate practice of holding sales, and she felt that, when the act came into being, storekeepers would hold fire sales and similar sales under some other name.

Mr. Wismer replied that if the sales had to be carried on under some other name they would lose their public appeal.

Mr. Winch was assured that stores carrying on perpetual sales would have to pay a license fee of \$75 every 90 days. He said a firm in Vancouver had been carrying on a sale since the close of the Great War.

## MAKE PLEA FOR HOSPITAL AID

C.C.F. Members Ask Government  
Consider Grant to  
St. Paul's in Vancouver

Harold E. Winch and Dr. J. Lyle Telford, C.C.F. members for Vancouver East, last night in the Legislature asked the Provincial Secretary if the government would give some financial aid to St. Paul's Hospital in Vancouver.

Mr. Weir made no reply. Mr. Winch said St. Paul's was doing work almost as fine as the Vancouver General, but was getting no money for many of its patients. Before long, he said, the building would have to be enlarged. Plans were now ready, he said, and the hospital authorities were on the point of letting the contract, but had not sufficient money.

Dr. Telford said the hospital was doing wonderful work and was crowded right to the doors.

A vote for the salary of the hospital inspector brought forth some argument in the House.

Dr. J. J. Gillis, Liberal, Yale, said the inspector was just one more unnecessary expenditure of government.

Alderman W. T. Straith, Liberal, Victoria, said the hospital authorities had told him the inspector saved his salary many times.

"Medical men, I suppose, don't know anything about their business; it takes a lawyer to advise us," Dr. Gillis replied.

Alderman Straith replied he was not advising a doctor as a lawyer, but as an alderman of Victoria.

Dr. Gillis told the Provincial Secretary he had been poorly advised, and that he had never been consulted in the matter.

The superintendent of the Toronto General Hospital was a layman, Dr. Weir said. Such work had to do with the business administration of a hospital, he said, and medical courses did not cover such work.

E. E. Winch, C.C.F., Burnaby, said medical inspection of schools was not followed up to see that defects found were remedied.

Dr. Weir replied some very fine work was being done by the medical school inspection. The time was coming, he felt, when there would have to be a medical inspector-general for all schools of the province. A great deal of preventive work was being done by the present inspection, he said, adding he would like to see a medical inspection of school children once a month.

Replying to a question from Dr. Telford, Dr. Weir said funerals of indigents cost the province from \$40 to \$45 each.

Fresh flowers shipped long distances in refrigerator cars can be "heated" with ice—the ice cooling keeps them from getting colder than approximately freezing point.

## Seek Power To Limit Advertising

Power to prescribe the kind of advertising hairdressers may do and to order discontinuance of any advertisements is contained in an amendment to the Hairdressers' Act, moved by Mrs. Paul Smith, Liberal, Vancouver-Burrard, in the B.C. Legislature. Power is also sought to fix minimum prices for hairdressing.

Overtime pay for employees forced to work on what would be the usual weekly half holiday if another public holiday falls in the same week is proposed by H. E. Winch, C.C.F., Vancouver-East, in a bill before the House. E. E. Winch's bill to provide more comfortable quarters for bears in captivity in Victoria and Vancouver is ready for second reading.

## NEW HOSPITAL ON WEST COAST

Two Nurses Leave to Open  
Red Cross Outpost at  
Kyuquot

Two Vancouver nurses left Victoria today on board the Ss. Princess Maquinn bound for Kyuquot where they will open the Canadian Red Cross Society's first outpost hospital on the west coast of Vancouver Island.

Neither Miss Rebecca A. West nor Miss Marion C. Rodd, has ever had any experience of nursing in an isolated district before, but both said yesterday they were looking forward to the experience.

In the past those requiring medical or surgical care in the fishing village of 150 souls had to be taken by boat across rough water to either Tofino or Port Alberni.

Early last summer the Canadian Red Cross Society, recognizing the need for proper medical facilities, started work on the construction of an outpost hospital at Walter's Cove, Kyuquot. The new hospital is now ready. It is a frame building with single roof and insulated walls, heated by oil. It contains two wards with a total of five beds, a combination case room, surgery and dispensary, a kitchen, bathroom, separate laundry and two nurses' bedrooms. The furniture and equipment are of the latest design. Water is pumped from a well to a tank under the roof.

Next year the Red Cross hopes to install a self-contained electric power plant.

Members of the Junior Red Cross in British Columbia had a large part in making the equipping of the hospital possible. Stacks of premium coupons, saved by the 24,000 members of the organization's 850 branches throughout the province were exchanged for linen, crockery, cutlery, glassware, cooking utensils and kitchenware.

## Issues Strong Annual Report

Large Volume of Liquid  
Assets Shown By Bank of  
Montreal Statement

The Bank of Montreal's annual statement, just issued, reveals an increase of over \$30,000,000 in current loans as compared with last year's statement, indicating the expansion that has occurred in trade and manufacture throughout the Dominion. As a result of the greater amount of business handled there was also a moderate gain in net profits.

The statement, which is for the year to October 30, shows total assets of \$229,633,950, up from \$205,081,998. Of this amount total liquid assets at \$599,051,153 are equivalent to 79.58 per cent of liabilities to the public. Included in liquid assets are government and other bonds and debentures, totaling \$437,381,825.

The department in which the most notable increase has been made is that of current loans to manufacturers, farmers and merchants. As a result these loans now stand at \$204,760,812, up from \$174,141,011, a gain of over \$30,000,000 for the year. These figures reflecting the steady improvement in business conditions in the Dominion.

## DEPOSITS INCREASE

Deposits also showed a steady tendency towards higher levels, with the result that total deposits now amount to \$717,799,105, as compared with \$691,312,054, in 1936. A good general idea of the bank's strong position can be gathered from the statement, which shows it now has total assets of \$229,633,950, with which to make payment of liabilities to the public of \$752,736,753, which leaves an excess of assets over liabilities to the public of \$76,897,197.

As a result of the substantial increase in general business net profits show a moderate increase.

over the previous year. After deducting government taxes of \$942,957 the total profits amounted to \$3,408,328.80, equivalent to 4.47 per cent on the capital, rest and undivided profits. These compare with \$3,181,501 in the previous year. From the profits the usual dividends were paid, and an appropriation was made for bank premises of \$400,000, leaving a balance to be carried forward of \$128,328.

## DUNCAN

DUNCAN — Funeral services were held Monday afternoon from St. Peter's Church for the late F. J. Bishop. He was 76 years of age and had resided on the island for the last 50 years. Upon his arrival he settled in the Saanich district, where he operated a milk business for several years, and then farmed at Cowichan Station. He is survived by one daughter, Frances, living in Saanich.

## Montreal Maroons In Lone Goal Ice Victory

### Sports Mirror

By PETE SALLAWAY

YEAR AFTER YEAR some horse gallops up from the ranks to prove that there really is a Santa Claus. With the Christmas holidays just around the corner, it is only fair to hand Seabiscuit the accolade he so richly deserves. In two years, Seabiscuit has paid Charles S. Howard, San Francisco automobile man, a bonus of something like \$200,000 on an original investment of \$8,000.

This does not compare with the all-time parlay of \$332,000, which Phar Lap, the Australian wonder horse, handed David Davis on an \$800 investment. Nevertheless, Seabiscuit is back at Tanforan, where he will be sent after the \$10,000 San Francisco Handicap, after which race he will be shipped to Santa Anita to be prepared for the richest prize of them all, the \$100,000 Santa Anita Handicap, in February. And he has years of stud duty ahead of him.

It may be regarded as the veriest misfortune that Seabiscuit did not win the last running of the Santa Anita Handicap. He was beaten in a photo finish by Rosemont, and as later events demonstrated, that probably was the only day of his matured life that Rosemont could have turned that trick.

Seabiscuit's story is an amazing one. His sire, Hard Tack, was an extremely fast, if unsound son of Man of War. He was a high-class stakes winner, but his opportunity in the stud came only because most sons of the super-horse were being given some chance there. But Hard Tack's chance was not much at that. The year Seabiscuit came to the races only three months of his blood represented their mutual sire. Seabiscuit and Crog were stakes winners, albeit they caused only a ripple on the pond.

The Wheatley Stable, over which Sunny Jim Fitzsimmons presides, sold Seabiscuit presumably down river. The stable had tried running him to death—he was started 35 times as a juvenile—and probably figured that he would fold up in no time.

Seabiscuit was built for hard work, however. In 1936, when he was three, the colt won \$29,000, more than \$20,000 more than his purchase price, and went into winter quarters as a California phenomenon. This year he has grossed more than \$175,000 in 14 starts. It is taking in a lot of territory, but Seabiscuit goes into the record books as the best four-year-old since Exterminator, and possibly as the peer of Old Bones. And we are not forgetting Equipoise and Discovery.

Consider that after 10 starts during the season recently closed he was able to take up 130 pounds and set a new track record for a mile and an eighth in the Massachusetts Handicap. If that was not enough to establish his claim, note that he carried 130 pounds in the Riggs at a mile and three-sixteenths, and clipped three-fifths of a second from the track record. Also that while beaten a nose by Esposa in the Bowie Handicap at a mile and five-eighths, he carried 130 pounds, gave the splendid mare 15, and forced her to lower the track record by one and two-fifths seconds.

There is no denying that Seabiscuit can carry high weights any distance and do it as fast as horses ever ran. He is honest and game. Little more can be asked of a thoroughbred. Owner Howard is collecting a choice band of brood mares, and when Seabiscuit has finished his racing career, he will go into stud in California. This, perhaps, is not ideal, since Seabiscuit will be more than 2,000 miles from the finest outside brood mares. But Seabiscuit has thrived on the worst of it, and it is in the cards that, come Christmas Day, he will deliver other bonuses to Charles S. Howard.

### Shields Drives Home Counter to Defeat Chicago

Victory Moves Maroons Into Third Place in Canadian Section of N.H.L.

#### Goal Scarcity

Even when they're idle, Toronto Maple Leafs are making news. Their goal-getting bursts stand in bold contrast to the scoring attempts of the rest of the National Hockey League.

Montreal Maroons and Chicago Black Hawks gave an example of what's going on elsewhere in the N.H.L. when Maroons edged out the Hawks 1 to 0 at Montreal last night on Allan Shields' goal.

Though the Leafs play but once in the next two weeks they probably still will lead the league in goals at the end of that period. With 39, they have more than twice as many as any other club now.

Shields' counter, coming in the middle of a quiet second period, was his first of the season. Any players in the game with hopes of catching Toronto scorers like Gordon Drillon and Harvey Jackson missed their chances to gain in the mild display.

#### SMALL CROWD

Otherwise the contest was noteworthy through the fact the smallest attendance of the National League season was recorded. All but 4,000 Montreal fans stayed away, many of them awaiting tomorrow's battle between Canadiens and Boston, leader of the American division.

Shields scored on a lone rush, letting fly just after crossing the blue line. As it rose, the puck struck a defender's ankle and slipped past goalie Mike Karakas before he saw it.

Herbie Cain, moved from a wing position to centre Maroons' 6 to 1 victory over Detroit Sunday, pivoted the Baldy Northcott-Jimmy Ward line again. Pleased at his going last night, Clancy said Cain would be left at centre.

The result broke Maroons' third place tie with Canadiens and left the Habits in the cellar. The Hawks are still above the last place Detroit Red Wings in the American division.

#### SUMMARY

First period: Scoring, none. Penalties, Shields, Smith.

Second period: 1, Maroons, Shields, 9:10. Penalties, Shields, Palangio.

Third period: Scoring, none. Penalty, Northcott.

### SUBURBANITES MEET CAFEMEN

West Road Oppose Liberty Cafe Tonight in Senior B Hoop Game

West Road vs. Liberty Cafe. That is the senior B men's cage clash for this evening. It will headline the Victoria and District Basketball League's three-game hoop card at the High School gym.

West Road sent the Hoyle-Brown squad down to a smashing defeat last week and will be out to take the league-leading cafemen into camp. A win for West Road will throw three teams into a tie for leading honors.

Wimpy's Crescents will take on the Ramblers, Dominos' farm team, in an intermediate A boys' engagement. This game will be the second of the evening. The Ramblers are holding down fourth position and will have to beat the Crescents to hold their berth standing.

Two crack women's squads, Gainer's Superiors and Cardinals, will step on to the floor for a 40-minute battle to open the show at 7:15.

### Calgary Clown Rocks London

Young Alberta Comic Skater Star of Ice Extravaganza

LONDON—A youthful son of Calgary put the sparkle in London's latest ice extravaganza—"Marina"—at the Empress Stadium.

He is 23-year-old Eric Wait, whose comic capers on skates brought him praise from critics and applause from Queen Elizabeth, who witnessed the opening performance.

London newspapers credited him with saving the show from the category of "just like any other ice spectacle."

Wait appeared as a cowboy, an inebriate in evening dress and a be-busted lady of the nineties.

He told reporters afterward he had about four years in professional ranks.

"To my surprise I found tricks I learned at home for fun went over well at ice rinks in big cities."

### Tommy Farr To Meet Braddock

LONDON—Tommy Farr, Welsh heavyweight, said today he had agreed to fight Jimmy Braddock, former world champion, in Miami, Fla., February 26. The agreement was reached in a trans-Atlantic telephone talk with Mike Jacobs, New York promoter.

### J. W. Filmer Deer Hunting Champion

Kills Largest Buck on Island to Capture Sylvester U-Drive Trophy

J. W. Filmer, 3555 Maplewood Road, last night won possession of the coveted Sylvester U-Drive Trophy, presented annually to the hunter bagging the largest buck deer on Vancouver Island.

The new champion weighed in a handsome six-point, 156-pound antlered specimen to carry off the laurels.

Runner-up honors were captured by Harry Harding, another local rifle expert who resides at 308 Chester Street, with a trophy that tipped the indicator to the 152-pound mark. An up-islander, A. Borde of Chemainus finished in third place. His entry was one pound lighter than Harding's.

The most diminutive entry just managed to hit the 75-pound mark on the scales. It was a spike, shot by W. McLaren, 723 Powderly Avenue. He won the consolation award.

Close to 40 nimrods, from scattered points on the island, weighed in their heaviest animals in this popular contest, which closed simultaneously with the buck deer season last evening—one hour after Old Sol's beaming face had retired over the western horizon.

#### OTHER WINNERS

W. Rhode, R.R. 1, Victoria, and F. Smith, 405 Vancouver Street, finished close on the heels of the third prizewinner, each registering 150-pounds at the Douglas Street U-Drive office. The next best weight was 144 pounds,

### Pedley Goes Down

Eric Pedley, famous polo player, took this position on the turf for a few minutes after stopping one of Capt. Ramos Sesma's hard smashes with his knee in a California-Mexico contest at Midwick Country Club, near Los Angeles. Sesma is lending him a helping hand. Pedley got up and led the Californians to a 13-11 victory.

### Buxton Puts Dado Away In Second

#### Red Martin To Leave Tomorrow

En route to Iowa to start training for his tour with the House of David basketball team, Albert (Red) Martin will leave tomorrow afternoon for Seattle. Martin will proceed to La Crosse, Wisconsin, where he will meet George Johnson, manager of the Davidans, and proceed to Iowa.

Martin will workout for a week with the remainder of the bewhiskered team and start the four months' tour about December 15.

#### Victoria Scrapper Scores Sensational Victory in Seattle Ring

SEATTLE—Billy Buxton, a spidery, curly-haired Canadian who loves to fight, proved last night his injured "meal ticket" left hand was well again when he scored a spectacular knockout over Speedy Dado, veteran Los Angeles Filipino, in the second round of a scheduled 10-round main event.

Buxton, who weighs 125 and comes from Victoria, blasted Dado, 128, from the ring nine seconds before the end of the first round, the bell saving Dado from the 10-count. Dado came out fast in the opening round and waded right in, but the blonde Canadian got his bearings after about a minute of warping, and he displayed sharp punching which accurately presaged the outcome.

#### DADO REVIVED

When Dado was saved by the bell at the end of the first round, the fans thought it was all over and headed for the exits. They soon scampered back to their seats when they saw frantic seconds reviving Dado for the second round.

Cold water and smelling salts brought him temporarily out of a fog thicker than that which covered downtown streets last night.

After a few exchanges, Dado pulled himself together and began mixing it again with the confident Buxton. This faux pas paved the way for his downfall, because an authoritative left ended the fight, and the fog closed in again for keeps.

Incidentally, Buxton's last fight was against Dado. Billy won a decision, but was shelved with the ailing mitt.

### Sorrell Is Sent Down the River

DETROIT—Johnny Sorrell, a wingman, was waived into minor league professional hockey today as a member of Pittsburgh Hornets.

Jack Adams, manager of Detroit Red Wings, announced that Sorrell was sent to the team's farm as soon as he was notified by Frank Calder, president of the National Hockey League, that the other clubs in the majors had waived on the wingman.

Almost simultaneously Howie Mackie, speedy young right winger from the Pittsburgh club, arrived here to join Marty Barry and rookie Carl Liscombe on Detroit's front line.

### War Admiral Will Not Run in South

BERLIN, Md.—War Admiral, winner of the Kentucky Derby, will not race in the \$100,000 Santa Anita handicap next year, trainer George Conway said yesterday.

Instead, Conway said, War Admiral will run in the \$50,000 Widener Challenge Cup race at Hialeah Park, Miami, Fla., on March 5.

### LIBERTY CAFE SCORE VICTORY

Defeat Melrose 6 to 4 in Initial Game of Second-Half Table Tennis

Liberty Cafe, first-half champions of the Victoria Table Tennis League, scored a 6 to 4 victory over the Melrose squad last night in their initial bid for second-half honors. They triumphed in five of the eight singles encounters and broke even in the doubles.

Mount Douglas defeated the Royal Arcanum 8 to 2 and Nelson's Garage scored a 7 to 3 win over the Musketeers. Wildcats lost by default to the Pioneer Fruit Company.

Complete scores follow: Liberty Cafe—Tully 1, Greenwood 1, Lynch 1, Jarvis 2, Tully and Lynch 0, Greenwood and Jarvis 1.

Melrose—Whittingham 2, Chatterell 0, Perkins 1, Boulter 0, Chatterell and Perkins 0, Boulter and Whittingham 1.

Mount Douglas—Renfrew 2, Tysoe 1, Lukey 2, Taylor 1, Lukey and Tysoe 1, Renfrew and Taylor 1.

Royal Arcanum—Browne-Cave 1, Crombie 0, McClure 1, Park 0, Browne-Cave and Crombie 0, McClure and Park 0.

Louis Nelson's Garage—Cotton 2, Craven 2, Walker 1, Green-Smith 1, Green-Smith and Cotton 0, Craven and Walker 0.

Musketeers—Henry 0, Martin 0, Holstein 2, Taylor 0, Holstein and Martin 1, Henry and Taylor 0.

### Pedens Set Hopes On Garden Victory

#### Former Athlete Fights Malady

Roger Carr, Who Won Medals For Running, Losing Use of Limbs

OLYMPIA, Wash. (AP)—The legs which once sped Roger Carr, 35-year-old Detroit, Mich., visitor, to numerous racing victories have grown heavy and slow, and today he has offered himself as a human guinea pig in his fight against a creeping and mysterious malady.

Specialists have diagnosed his case as "spastic paraplegia, due to multiple sclerosis." Carr said he believed he had contracted it as a result of more than a score of blood transfusions to which he submitted in Detroit.

Now, the man who gave his life blood to aid others is searching for some one who will help him.

Carr displayed medals he said he won in his younger days, medals that bore the inscriptions of the Detroit Masonic Country Club, the Recreation Club of Detroit and the Irish-American Athletic Club of Detroit.

Then he spoke of his arms and legs, over which he now is losing control. He used to run fast. Now he has lost his sense of balance.

And his hands and arms... he spends his spare time weaving rugs and taking what little exercise is possible. The weaving keeps his hands from becoming entirely useless and provides his only income.

"The disease," he said, "is a disorder that slowly eats away at my nerves. Its first indication was a numbness in my face. Then I noticed a thickness in my speech."

### OZARD HEADS BOWLING CLUB

Elected President of Canadian Pacific Club at Annual Meeting

George C. Ozard was elected president of the Canadian Pacific Lawn Bowling Club at its annual meeting held recently. Col. F. G. Hood was named vice-president.

G. B. Dixon was named secretary, R. W. Wilson was elected treasurer and D. C. Robertson was appointed auditor. Other officers named included: C. A. Cotterell, honorary president; Capt. McMurray and J. A. Kennedy, honorary vice-presidents.

Appointed to the executive committee were P. J. Harris, S. Barr, W. Wilson and S. Clarke. Delegates to the Greater Victoria District Lawn Bowling Association are G. C. Ozard, D. C. Robertson, P. J. Harris, S. Barr and Col. F. G. Hood.

### Huskies to Sail From Here Dec. 22

SEATTLE—Washington Huskies returned to the practice field today to resume training for their football games in Honolulu January 1 and 6. The squad leaves from Victoria, B.C., December 22.

### England Marks Up Football Victory

Defeats Czechoslovakia 5 to 4 in International Match at London

LONDON—Fielding practically the same team that defeated Wales 2 to 1 two weeks ago, England scored a 5 to 4 victory over Czechoslovakia in an international football game played here today. The Englishmen led 3 to 2 at half time.

More than 50,000 persons crowded Tottenham Hotspur ground at White Hart Lane to see England avenge its 2 to 1 defeat in Prague in 1934.

Riha, Czech forward, nearly tied the match in the closing minutes. Throughout the game the visiting vanguard displayed tricky combination but was not quite good enough for the more experienced home team.

### Victoria Riders Given Great Chance of Winning Six-day Grind

NEW YORK — As a sort of cheery morsel for sport fans gripped by six-day bicycle daffiness, it seems those drifting shafts of William (Torchy) Peden might be classed with the famed brook that "goes on forever."

And as long as the legs hold out the bike fans' favorite from Victoria is going to be wheeling around the pine saucers in the six-day merry-go-round that never breaks down.

This is the word right from the trackside; from no less a person than the big redhead himself as he rested this morning in his Madison Square Garden bunk and let brother Doug keep up with the leaders alone.

"We've had our eye on winning this Madison Square Garden race for a long time," said the big Victoria rider. "Now my legs seem as strong as ever and, barring something unforeseen, it looks as though we've got our best chance."

Doug echoed his sentiments as he sidled off the track and Torchy took up the six-day grind again. "As near as I can see," volunteered Doug, "there's no difference in Torchy in the last three years. Ever since I've been riding with him he's been as fast as he is now and it will be some time before I have his strength or his tricks of the trade."

Both boys admitted feeling the grind the first three days, because of insufficient training after the Toronto and Chicago races. They won the former in October and finished third in Chicago last month.

LEGS TOUGHENING UP  
"But our legs are toughening up now, and it should make us better than ever for the last part of the race," Torchy said. "As a matter of fact it seems to me the Peden-Peden team should go on for quite some time. 'Retire' is a word we don't know."

Any bike rider will say Doug is an up-and-coming rider; that he might some day be another Torchy; but here's what the 21-year-old rider says himself: "When I'm away from the track I think it's a swell game, but sometimes, when I'm riding 'round and 'round I get so tired I wonder what it's all about." Nobody around the track remembered hearing anything similar from Torchy, the color guy of the team. He just seemed to live bikes from the start, and today he couldn't remember whether this is his 90th or 91st race.

But when one figures he's ridden more than seven times around the world in his six-day career, another 2,000 miles more or less doesn't make much difference.

And if you want the word of (Turn to Page 14, Col. 2)

### Replay Matches In English Cup

LONDON—Replayed first-round English Football Cup games today resulted as follows: Lancaster 1, Accrington Stanley 1 (overtime).

Dartford 0, Bournemouth 4, Gainsborough Trinity 2, Port Vale 1 (overtime).

Bradford City 11, Walker Celtic 3.

Halifax Town 0, York City 1, Lincoln City 2, Rochdale 0.

## Local Picture Has Fine Scenery

WILLIAM GARGAN AND MOLLY LAMONT

As they appear in "Fury and the Woman," the locally-produced picture, which will have its premiere at the Oak Bay Theatre tomorrow.

LOCAL MOVIE  
AT OAK BAY"Fury and the Woman," By  
Central Films, to Have  
Premiere Tomorrow

Tomorrow at the Oak Bay Theatre the fifth of 10 full-length feature pictures made here so far by the Central Films Ltd. will have a premiere showing.

Entitled "Fury and the Woman," the movie brings to the screen the life and action of a Vancouver Island logging camp, depicting scenes familiar to all. Under the able supervision of Kenneth J. Bishop, a clever human drama has been woven into the lovely setting of green forests in sequences so real that it is almost possible to smell the tang of fresh cut timber and the pungent scent of woodsmoke.

Headed by William Gargan and Molly Lamont, the cast holds many names that are locally known. Reginald Hincks, James McGrath, J. P. McGowan and Arthur Kerr are among these. The company has spared no effort in guaranteeing the technical perfection of the film. Actual loggers were used as extras. A real logging camp, one of the most modern and up to date on the coast, was utilized as a location.

This picture is one of a series on a production programme that will be carried on at the local studios over the ensuing months. This programme involves the spending of hundreds of thousands of dollars, the bulk of which is distributed here in Victoria, a direct benefit to the city and district, forming the nucleus of a new and growing industry.

Also on the same bill is a revival of a German picture which has won universal acclaim. "Maedchen in Uniform" was voted the best picture of the year by leading film critics of the world. An entirely feminine cast, headed by Emilia Unda and Dorothea Wieck, gives a gripping portrayal of the effect of harsh, unremitting discipline upon the sensitive minds and souls of young girls in a strict German boarding school.

Catastrophes in the kitchen cause one-third of the deaths due to accidents in the home.

## Where to Go Tonight

(As Advertised)

ATLAS — "The Prisoner of Zenda," starring Ronald Coleman.

CAPITOL — "Live, Love and Learn," starring Robert Montgomery.

COLUMBIA — Ben Bernie and Walter Winchell in "Wake Up and Live."

DOMINION — "Alcatraz," starring Ann Sheridan and John Littel.

OAK BAY — "You Can't Have Everything," with Alice Faye.

PLAZA — Sylvia Sidney and Joel McCrea in "Dead End."

IRENE DUNNE  
AT CAPITOL"The Awful Truth," Fine  
Comedy, Opens Tomorrow

Commencing tomorrow Columbia's romantic comedy "The Awful Truth," starring Irene Dunne and Cary Grant, with Ralph Bellamy, Alexander D'Arcy, Cecil Cunningham and Robert Allen in support, will occupy the Capitol Theatre screen. Also in a prominent role is Skippy, the "Thin Man" wire-hair pup, masquerading as Mr. Smith.

"The Awful Truth" tells of the final tiff between "Mrs." Irene Dunne and "Mr." Cary Grant which leads to the divorce courts. There, in what is said to be the most hilarious courtroom scene ever filmed, they battle for the custody of Mr. Smith with Irene the victor. Cary, however, wins the court's permission to visit the dog once a month.

Love, it seems, has no respect for divorce decrees, for the moment Cary announces his intention to re-marry, Miss Dunne sets out to win her man again by methods hilarious though perhaps not cricket.

The film's highlight is the final sequence set in a swank mansion at which a dinner party is being tendered to announce Cary Grant's engagement.

## OAK BAY THEATRE

Alice Faye, the Ritz Brothers and Don Ameche head the cast featuring Charles Winninger, Louis Hovick, Rubinoff and his violin, and Tony Martin in the sing-along new Twentieth Century-Fox musical, "You Can't Have Everything," now playing at the Oak Bay Theatre.

About 20 varieties of straw-berries are grown commercially.

Deanna Durbin  
In Atlas Show

Music, carefully selected to charm the ear of all listeners, will be one of the outstanding features of Deanna Durbin's production, "100 Men and a Girl," which opens at the Atlas Theatre tomorrow.

While the picture is not a "musical," the combination of the 14-year-old songstress and the great orchestra leader, Leopold Stokowski, naturally produces music.

Miss Durbin sings four songs during the unfolding of the Universal comedy drama. There are two popular selections, "It's Raining Sunbeams," by Frederick Hollander and Sam Coslow, and "A Heart That's Free," by Alfred G. Robyn and Thomas T. Railey.

With the accompaniment of Stokowski's full symphony orchestra she sings "Alleluia," by Mozart, and the aria "Libiamo" from "La Traviata," by Verdi.

## COLUMBIA THEATRE

Nine new song hits by Gordon and Revel, ace Hollywood song-writers who have written many of the nation's leading musical successes, feature "Wake Up and Live," the Twentieth Century-Fox production featuring Walter Winchell, Ben Bernie and Alice Faye, which is now at the Columbia Theatre.

Donald Budge  
Tops Rankings

BERLIN — Donald Budge of Oakland, Calif., heads the tennis world ranking list drafted by the German expert, Dr. Elnrich Kleinschroth.

The former German tennis star, now captain of the Davis Cup team, ranks the world's outstanding players as follows: 1, Donald Budge (U.S.A.); 2, Gottfried von Cramm (Germany); 3, Heinrich Henkel (Germany); 4, Bunny Austin (Great Britain); 5, Robert Riggs (U.S.A.); 6, Bryant M. Grant (U.S.A.); 7, Frank Parker (Australia); 8, Vivian McGrath (Australia); 9, Jack Crawford (Australia); 10, Roderich Menzel (Czechoslovakia).

## DOMINION THEATRE

"Alcatraz Island," a Warner Bros. melodrama, is to have its first local showing today at the Dominion Theatre. It is said the story isn't merely one of life behind the stone walls of the prison. There's plenty of action on the mainland, both before and after the protagonist—one Cat Brady, played by John Littel—is confined for income-tax evasion. The story deals with a powerful racketeer.

## PLAZA THEATRE

In order to get the exercise which he prescribes for himself each day, Humphrey Bogart, during the making of Samuel Goldwyn's "Dead End," which brings Sylvia Sidney and Joel McCrea to the Plaza Theatre, rode to and from work on a bicycle. Long hours at the studio prevented him from getting his usual gymnasium workouts. "Dead End" is released through United Artists.

## PEDENS SET HOPES ON GARDEN VICTORY

(Continued from Page 13)

one who should know, take it from Reggie (Iron Man) MacNamara, who figures the Pedens to win. The Old Iron Man of bike-dom, now clerk of the Garden course, puts it this way: "Torcy rested up this summer and is fit as a fiddle now. If the Pedens miss I don't know anything about the game."

## Big Run Next Year On Fraser

**Fisheries Expert Predicts Large Pack of Sockeye in 1938**

A big run of sockeye on the Fraser River is predicted next year by Dr. W. A. Clemens, director of the Pacific Biological Station at Nanaimo, according to a summary of prospects for the 1938 salmon season received by the Provincial Fisheries Department today.

He notes that 1938 is the cycle year for the large late run on the Fraser. In 1934 there was a pack of 491,817 cases and in 1930 a pack of 455,886 cases, both being unusually large.

"Large runs to the upper Fraser River have usually been preceded by the appearance of relatively large numbers of three-year-old fish (grilse)," he says. "Grilse have been particularly abundant in the run of 1937 and this fact may be taken as a further indication of a large return of four-year-old sockeye in 1938."

At Rivers Inlet Dr. Clemens estimated a medium-run next year. This means a pack from 60,000 to 100,000 cases.

On the Skeena River a small return is anticipated. The run will be from the cycle years of 1933 which was a low record and of 1934 in which escapement was not good. "Only some at present unknown condition could produce an exceptionally large return," he says.

On the Nass River, although the 1934 pack was a big one, the majority of fish caught are five years old and the 1933 pack was fairly small. He says that the prospects for a large return next year are "not particularly bright."

"However," he adds, "returns

to the Nass River have been very erratic and it has been almost impossible to predict the production for any year for this river system. There is apparently some unknown factor operating and it is suspected that it may be the fishing intensity in American waters."

## TOWN TOPICS

The regular meeting of Ward Five Liberal Association, which was to have been held tonight, has been canceled.

The Veterans Council of Victoria will meet on Thursday evening at 8, in the Veterans of France Board Room.

Christmas holidays for city schoolchildren will start on December 17, following the usual round of Christmas concerts. The students will return to their classrooms on January 3.

W. G. Means, A. M. Hall, W. Hughes and A. N. Goodwin were welcomed by directors of the Chamber of Commerce at their meeting yesterday as members of the junior chamber.

Councillor Arthur G. Lambrick of the Saanich Council yesterday evening changed his decision to withdraw at the end of this year as representative for Ward Three, and will stand for election again.

A public hearing on a proposed amended zoning by-law will be held at the Oak Bay Municipal Hall at 5 this evening. The amendments are intended to simplify application and clarify interpretation of the rules.

The Victoria Badminton Club will hold its annual dance tonight at the Royal Victoria Yacht Club. Dancing will begin at 9 and continue until 1. Miss K. Forbes, Cecil Lockhart and Harry Bleasdale are in charge of arrangements.

Brigadier J. Sutherland Brown D.S.O., C.M.G. will be the guest speaker at the meeting of the Men's Guild of St. John's Church, Friday evening at 8. His subject will be "Britain's Effort in the Great War and its Significance in the Light of Conditions Today."

Shortly after 9 this morning a general alarm was sent to the City Fire Department as the result of a small fire on top of Spencer's Building, where workmen were engaged in making an addition to the building. The fire was caused by a tar pot boiling over. No damage was done.

At the regular meeting yesterday of Beta Delta, boys' debating society of Victoria High School, a discussion was held on the subject "Should Automobile Drivers Be Tested By a Machine?" L. Mann, J. Codville, C. Dobbin, Ray Rose and B. Gonnason took part. Jim Kermie spoke on "The Horseless Carriage," and Leslie Wong on "The Chinese-Japanese Conflict."

Lawrence Howard, 1955 Foul Bay Road, suffered minor injuries yesterday afternoon when he was struck by a false side from a truck which flew off at the corner of Foul Bay Road and Fort Street, according to an Oak Bay police report. Mr. Howard was waiting for a street car when the truck, driven by Charles Harris, 507 Dupplin Road, passed. Mr. Howard had an injured ankle and several bruises.

Printing of B.C. textbooks within the province if this can be accomplished as economically as elsewhere, was urged by directors of the Chamber of Commerce yesterday. The action included endorsing a resolution from the local Pressmen's Union which petitioned provincial authorities to have the printing done in B.C. A special committee of the directors recommended endorsing the suggestion.

The results of the recent examination of St. John Ambulance first aid work were as follows: For voucher, Stanley Crook and Herbert W. Claque; for certificate, Edward Bagshaw, Robert G. M. Dixon, Douglas B. Gregson, Keith Hynds, Edwin Wallace Haw, Robert H. Hughes, R. J. Flanagan, Frederick O. Hole, Gerald Alex Kenney, Alexander G. Mackie, Walter Moyser, James McMillan, Donald MacMurchie, Leslie R. J. Palmer, Walter S. Starkey, William A. Taylor, Charles R. Savage, Richard C. Hale, John S. Phillips, Charles Newman and Alan Rogerson. The instructing doctor was Dr. T. W. A. Gray and the instructor, C. P. O. Gleave. Dr. C. A. Watson was the examiner.

## C.C.F. Seeking Utility Control

The C.C.F. Opposition, seeking to get an expression from the Legislature on the question of public utility control, today gave notice of a resolution, delicately worded to avoid the fate of being ruled out of order which has met many of their resolutions this session.

The motion, in the name of Colin Cameron, Comox, reads: "There be it resolved that this House resolve itself into committee of the whole to discuss the capital structure and schedule of charges of utility companies and to advise the Legislature as to the advisability of considering ways and means of controlling the operations of public utility companies."

## Chest Campaign Cost 2 Per Cent

**Final Report on Welfare Drive Shows Over 7,000 Gave \$85,711**

At a cost of 2.2 per cent—probably the lowest on the continent—the Community Chest raised \$85,711.96 for 23 welfare organizations in the greater Victoria area.

This was shown by Frank Paulding, campaign manager, in a comprehensive report on the highly successful drive last month which saw the objective exceeded by over \$13,000. The report was presented to the campaign executive which adopted it yesterday.

The final totals of the various divisions were listed as follows: A division (special gifts), \$48,749.50; B division (businesses and stores), \$9,319.65; C division (residential), \$15,908.37; D division (industrial payroll), \$5,323.81, and E division (public services), \$6,410.63.

The analysis of the pledges showed that 52.7 per cent of the subscriptions received by the chest were of \$100 and over. There was one subscription of \$2,500, two of \$1,500, seven of \$1,000, 14 of \$500, 25 of \$200, 13 of \$150, 79 of \$100, 105 of \$50, 215 of \$25, 90 of \$20, 67 of \$15, 446 of \$10, 1,150 of \$5, and 1,373 of \$1.

### MONTHLY GIFTS

The report noted that the idea of giving a stated amount per month was well received and there were 305 gifts of \$3, 320 of \$6, 106 of \$12, 22 of \$24, 23 of \$30 and 20 of \$60.

Over 7,000 subscriptions were received by the chest. This figure represented about 29.1 per cent of the prospects and was considered highly satisfactory. On a population basis of 60,000 in the greater Victoria area the subscribers made up 11.6 per cent of the population. It was pointed out Vancouver subscribers represented less than 10 per cent of the population.

On a per capita figure Victoria compared favorably with \$1.43 given to Vancouver's \$1.20 and Seattle's \$1.25.

The large number of subscribers was claimed as an advantage of the chest system. The highest number of contributors to previous drives was less than 1,900. This meant that the welfare federation had secured over 5,000 new donors.

The campaign expenses totaled \$1,834.28, which was 2.2 per cent of the \$85,711.96 raised. This remarkably low figure compared favorably with the average of 3.2 per cent for all chests raising less than \$100,000, and made costs of previous local drives look high.

### PREVIOUS COSTS

The most successful previous drives in the city had cost between 10 and 20 per cent, R. H. B. Ker, joint campaign chairman, said this morning.

Mr. Ker said that a large percentage of the subscriptions had been received in actual cash, and he hoped that the interest on this money until it was required by the various organizations within the chest would reduce further operating charges and keep them to a bare minimum of 3 per cent, so that 97 cents of every dollar subscribed would go to welfare work.

The great success of the campaign was put down to the hard-working canvassers, the excellent system used, the efficient office staff, and a sympathetic and generous public.

Yesterday's meeting of the community chest's campaign executive was its last.

## COLLECTIONS AT ESTIMATE

**With Month-to-Go, City Taxes Equal Expected Returns For Year**

With a month-to-go, Victoria tax collections for 1937 have equalled the yearly estimate.

The favorable result is greatly enhanced by the increase in arrears collections made up to the end of November and provides grounds for Mayor McGavin's prediction that there will be a surplus of approximately \$100,000 at the end of the year.

Current collections to November 30 standing at \$1,337,503.42, a figure astonishingly good in view of the reduced assessment. The total lags \$29,706.45 below the 1936 aggregate up to November 30. Last year, on the much higher levy, the collections at November 30 were \$1,367,209.87.

The deficiency is more than made up by the increase in arrears collections. At the end of last month the total was \$322,344.02, against \$290,872.06 for the similar period last year.

## OBITUARY

**F. E. VAN STRALENDORFF** Funeral services for Mrs. Florence Ethel van Stralendorff will be held tomorrow afternoon at 2 in Sands Mortuary. Rev. H. S. Payne will officiate, and the remains will be laid at rest in Colwood Burial Park.

### JOHN UZZELL

Many friends attended the funeral of John Uzzell, held from St. Andrew's Church, Cowichan Station, yesterday. Rev. T. M. Hughes conducted the services, during which the hymn, "Unto the Hills," was sung. Interment was in the churchyard. The following acted as pallbearers: J. Ross, G. Robinson, J. Baynes, J. Parker, J. Brear and H. Eggleton.

### JAMES W. STEWART

The funeral of James W. Stewart took place yesterday afternoon from McCall Bros' Funeral Home, Canon F. A. P. Chadwick officiating. The hymn, "Lead, Kindly Light," was sung by the congregation. Interment was in Colwood Burial Park. The pallbearers were as follows: F. Huck, A. G. Weeks, E. Hutt, L. C. Langill, W. Wirth and F. Henry.

### GEORGE EDGAR

The funeral of Cyril George Edgar, who passed away in St. Paul's Hospital, Vancouver, last Wednesday, was held from Hayward's B.C. Funeral Chapel yesterday. Rev. McDonald conducting the service. The hymns, "Rock of Ages," "Safe in the Arms of Jesus" and "What a Friend We Have in Jesus" were sung. Many beautiful flowers were received. The remains were laid at rest in the Sooke Cemetery.

### REV. J. S. A. BASTIN

The remains of Rev. James Somers Archibald Bastin, who passed away yesterday at the Royal Jubilee Hospital, will be conveyed by McCall Bros. Funeral Co. to Christ Church Cathedral this evening, there to rest until tomorrow morning, and will then be taken to St. Stephen's Church, Mount Newton Cross-road, where Requiem Celebration of Holy Communion will be held at 8.45 a.m. Funeral services will take place at 2.30 p.m. in the church, after which interment will be made in the churchyard.

### HUGH HAMILTON

Funeral services for Hugh Hamilton, who passed away yesterday at the Royal Jubilee Hospital, aged 90 years, will take place from the Thomson Funeral Home tomorrow afternoon at 2. Rev. P. C. Hayman will conduct the service, after which the remains will be laid to rest in the family plot in Ross Bay Cemetery.

He was born in Glasgow, Scotland, and came to Victoria 20 years ago from Alaska, where he was a miner and prospector for many years. He is survived by a niece, Mrs. Massey, in Vancouver, and relatives in Scotland.

**WILLIAM THOS R. CHAPMAN** Funeral services will be held at the Thomson Funeral Home on Friday afternoon at 2 for William Thomas Richard Chapman, aged 34, of 68 Regina Avenue, Saanich, who died at Fort Alberne on Monday as the result of a logging accident at Franklin River. Rev. A. E. Whitehouse will conduct the services, and interment will be in Colwood Burial Park. Mr. Chapman is survived by his father, R. W. Chapman, and stepmother, at the family residence; one sister, Mrs. Marjorie Estelle Watson of Victoria; four step-brothers and four step-sisters. His aunt and uncle, Mr. and Mrs. Rodman of Strawberry Vale, and nine cousins.

**Irregularity In Cowichan Poll** Although there was a minor irregularity due to omission of duties by a deputy returning officer at Cowichan Station in the last provincial election no prosecution was made because there was no suggestion of corruption or undue influence. Hon. G. M. Weir, Provincial Secretary replied to questions by Dr. Frank Patterson, Conservative leader.

It had to do with omission in connection with forms required by the Elections Act and the negligence was brought to the attention of the deputy, he said.

## ROYAL OAK SCOUTS

The patrol leaders, John Reeves, Jim Willoughby, Jim Smith and Ian Hoy, attended the patrol leaders' conference in Victoria during the week-end. The troop will meet next Friday evening at 7. At the regular pack meeting last Saturday, Frank Wilson was invested as a Wolf Cub. The boys are progressing well with their first star tests.

## CHAS. HENSLEY IS RE-ELECTED

Chosen to Head Boy Scouts of the District For Seventh Consecutive Term

Scouts last night showed Charles Hensley that his leadership was highly valued when they returned him to the office of president in the Boy Scout Association of Victoria district for the seventh consecutive year at the annual meeting held in the Johnson Street headquarters.

Hew Paterson was elected first vice-president and G. H. Stevens second vice-president. He will also act as honorary auditor. Raymond W. Jones will again fill the post of honorary treasurer and W. Rawson was chosen honorary secretary.

Lieutenant-Governor Eric W. Hamber is the patron of the association and the honorary president is General Sir Percy Lake, K.C.B., K.C.M.G.

The executive follows: Dr. J. L. Murray Anderson, F. J. Baker, E. G. Beaumont, Rev. Arthur Bischofberger, J. Y. Copeman, H. M. Ellis, Major J. B. Harding, D.S.O., Major H. B. Hunter, D.S.O., Freeman King, Mrs. A. Mainprize, Major H. Nation, Dr. William Newton, Charles W. Pangman, Mrs. Hew Paterson, Col. E. Pepper, D.S.O., Mrs. A. H. C. Phipps, Guy M. Shaw, Mrs. K. C. Symons, W. H. Wightman, Col. A. W. R. Wilby, Mrs. A. Woodcroft, Mrs. H. B. Hunter, J. Graham and Major L. McQueen.

Quoting John A. Stiles, Dominion president, Major J. Wise, who will retain his position as district commissioner, said that the Victoria district is looked upon as one of the bright lights of scouting in the Dominion, and expressed pleasure at the wonderful co-operation received from all the Scouts in the district, which he estimated numbered from 500 to 600.

Major Wise told of the summer camping activities of the troops and reported that Freeman King, of the Cowichan Troop, had been appointed assistant commissioner since the last annual meeting. He intimated that it was hoped to have a cub commissioner for training this year.

In closing the district commissioner stressed there was need for more co-operation between scouting and churches. "The association has enjoyed a

uary 15.

## INJURED BY FALL

VANCOUVER—James Myers,  
night watchman at the Canadian  
Fishing Company dock, was  
taken to hospital last night after  
falling from the wharf to a boom  
below in a thick fog. He suf-  
fered back and chest injuries.  
Others on the dock heard  
Myers cry as he fell and rescued  
him.  
Fish cannot exist in absolutely  
pure water, but that doesn't  
worry fish because in no stream  
does such water exist.

MANY ALASKA  
SAILINGS SET

C.P.R. Plans 22 Trips to  
Land of Midnight Sun  
Next Season

Twenty-two trips to Skagway  
and return, including two 12-day  
cruises by Ss. Princess Charlotte,  
which have become a popular fea-  
ture of Alaska travel in recent  
years, are scheduled by the Cana-  
dian Pacific next summer, it is  
announced by the B.C. Coast  
Service.

The first trip of this schedule  
will be from Vancouver by the  
Princess Louise Saturday, June 4,  
at 9. Other June sailings will  
be: Princess Charlotte, June 11;  
Princess Louise, June 18; Prin-  
cess Charlotte (special cruise),  
June 22; Princess Louise, June 29.  
July sailings will be twice  
weekly from Vancouver, Wednes-  
day and Saturday evenings.  
They are: Princess Alice, July 2;  
Princess Charlotte (special  
cruise), July 4; Princess Louise,  
July 9; Princess Charlotte, July

Charlotte, August 27, and Prin-  
cess Louise, August 31.

C.N.R. Equipment  
Being Delivered

MONTREAL—More than half  
the new Canadian National Rail-  
ways' equipment ordered for 1937  
has now been delivered, and the  
balance will be completed before  
the end of the year, according to  
John Roberts, chief of motive  
power and car equipment.  
Already delivered are 2,000  
steel box cars, 375 freight re-  
frigerators, 400 gondola cars, 30  
steel sand cars and 200 automo-  
bile cars. Forty-nine flat cars  
were purchased second hand and  
15 snowploughs are still to come.  
Passenger equipment ordered  
includes 10 mail and express cars,  
which will be ready within the  
next month; 10 baggage cars, and  
50 first-class, air-conditioned  
coaches, of which 35 have been  
delivered.

Around  
the  
Docks

## EXPORTER TAKES DOORS

Export of Victoria-manu-  
factured doors for the British  
market continues to be brisk.  
Large shipments of B.C.  
doors are going out by the  
majority of vessels operating  
on the Panama route to the  
United Kingdom. They are  
being used in connection with  
Britain's big housing scheme.  
Ms. Pacific Exporter, which  
arrived from Seattle at 8 last  
night and cleared at 1:35 this  
morning for Vancouver, loaded  
5,500 doors at the Rithet docks  
for the homeward voyage to Lon-  
don, Liverpool and Manchester.

## TWO SHIPS DUE FRIDAY

Two freighters are expected at  
the Canadian National docks at  
Ogden Point on Friday to pick  
up lumber for the United King-  
dom.  
They are the Caduceus and  
British Monarch, both under  
charter to Anglo-Canadian Com-  
pany.  
The Caduceus was last night  
reported 500 miles off the coast.  
The freighter Embassy, which  
passed up to Vancouver yester-  
day, is expected back here to  
load lumber this month.

## GRANT OUT SATURDAY

When she clears from Seattle  
and Victoria on Saturday evening  
on her outbound voyage to the  
Orient, Ss. President Grant is not  
expected to have more than 12  
passengers in her cabin accom-  
modation.  
As far as can be learned the  
Grant will sail as a restricted  
passenger ship.  
Inbound from the Orient, Ss.  
President Jackson, also carrying  
a small list of passengers, is due  
to reach Victoria next Wednesday  
morning.

## OVERHAUL COMPLETED

Barnacles and other marine  
growth collected in tropical seas  
by Ms. Hoegh Transporter on her  
voyage to British Columbia from  
South Africa in Esquimalt dry-  
dock today. Crews from Yar-  
rows Ltd. were busy scraping

## Spoken By Wireless

November 30, 8 p.m.—Shipping:  
CADUCEUS, for Victoria, 500 miles from  
Seattle Head.  
December 1, 12 noon—Weather:  
Severely overcast; east, fresh; 29.99;  
40; light southerly swell, sea choppy;  
Pachena—Part cloudy; northeast, light;  
29.34; 31; sea smooth.  
Swiftsure—Cloudy; east-northeast; 29.98;  
light westerly swell.  
Cape Lazo—Overcast; calm; 29.95; 30;  
sea smooth.

## TARS HAD SHOOTING EYE

After engaging in gunnery and  
target practice in the Royal  
Rocks yesterday, H.M.C.S. Fraser  
is back at her berth in the naval  
dockyard at Esquimalt today.  
The destroyer's gunners got in  
some good work during the  
practice manoeuvres in the  
straits. The firing attracted a  
lot of attention in the city.

## LOADS B.C. APPLES

Lauritzen Line refrigerated  
carrier, Ms. Australian Reefer, is  
due December 7 to lift a large  
shipment of British Columbia  
apples at New Westminster to  
Glasgow, Liverpool, London and  
Hull.

Freak Weather  
Is Predicted

Due to Influence of Sun Spot  
Cycle, Says Father Hub-  
bard in North

SEATTLE, Wash. (AP)—Rev.  
Bernard R. Hubbard, from his  
meteorological observation station  
on bleak King Island, Bering  
Strait, wireless last night a  
forecast that "freakishness" will  
characterize the coming winter  
throughout North America. He  
said it is the influence of "the  
current sun spot cycle," and that  
fickle weather will continue well  
into 1938.

Father Hubbard reported the  
King Edward Eskimos puzzled  
over the abnormal moderation of  
the weather. He said no zero  
temperatures have been recorded  
this fall; that berries still are  
ripening and being gathered by  
Eskimo women on the snow  
plateau surrounding the islet;  
that fresh water springs still are  
running and no ice has been  
sighted at sea.

Halibut Board  
In Vancouver

VANCOUVER—The Canadian  
members of the International  
(Halibut) Fisheries Commission,  
A. J. Whitmore and L. W. Pat-  
more, are in Vancouver today,  
accompanied by W. F. Thompson,  
director of investigations.

SHIPS COLLIDE  
ON COLUMBIA

Ss. Portland and Japanese  
Freighter Meet in River Fog

SEATTLE, Wash. (AP)—Hamburg-American liner Port-  
land collided with the Japanese  
steamship West Munham Maru in  
the Columbia River early to-  
day and was slightly damaged, a  
radio message from the Portland,  
picked up here by the coastguard,  
said.

The collision occurred at 3 a.m.  
in heavy fog while the West Mun-  
ham Maru was at anchor, the  
message said.

The Portland, with passengers  
and freight, was bound from Sea-  
ttle for Europe and the West  
Munham Maru was en route from  
New Orleans to Japan for scrap-  
ping, by way of the Columbia  
River.

Both ships were understood  
here to be bound down river from  
Portland when the collision oc-  
curred.

WAPAMA BOUGHT  
FOR ALASKA RUN

TACOMA, Wash. (AP)—Alaska  
Transportation Company of Ta-  
coma announces purchase of the  
steamer Wapama for the Alaska-  
Puget Sound service.

Norton Clapp, treasurer of the  
company, said the purchase was  
made at Oakland from Erik Crag,  
who has been operating the ship  
between San Francisco and San  
Pedro, Calif.

The Wapama will replace the  
steamer Zapora, wrecked in  
Alaskan waters last spring, and  
will re-establish a weekly  
schedule between Tacoma, Se-  
attle and Juneau.

The Wapama, 584 tons net, was  
once operated in coastwise ser-  
vice by the McCormick Line. She  
has accommodation for 12 pas-  
sengers.

Spend More If  
Income Boosted

Frank Budd Speaks in Sup-  
port of Increased Rail Rates

WASHINGTON (AP)—Ralph  
Budd, president of the Chicago,  
Burlington and Quincy Railroad,  
declared yesterday United States  
railroads could spend about  
\$900,000,000 annually for several  
years if their incomes were in-  
creased sufficiently to support  
heavy new borrowings.

Appearing before the U.S. In-  
terstate Commerce Commission,  
Budd spoke in support of the rail-  
road industry's request for a 15  
per cent increase in freight rates.  
He said the new income which  
would be derived from the in-  
crease would not in itself carry  
the projected construction and  
replacement programme, "but  
would make available money for  
paying dividends which, in turn,  
would support the railroads' credit standing."

Customs Revenue  
Up at Montreal

MONTREAL (CP)—Montreal  
customs and excise collections of  
\$10,933,388 for November consti-  
tute an all-time monthly record  
for any Canadian port, Arthur  
Lalng, collector of national  
revenue here, said last night.  
The previous mark of \$10,597,141  
was set here in October of 1929.  
Collections of \$2,344,976 yester-  
day, Lalng said, also set a one-day  
all-time record for any Canadian  
port. Revenue for the month  
was up \$2,019,492 from the same  
month last year.

Damaged Striking  
West Coast Reef

VANCOUVER—Ms. San Juan,  
trawler of the Nootka Packing  
Company, is in drydock here for  
repairs to her keel, which was  
damaged when the vessel struck  
an uncharted rock off the west  
coast of Vancouver Island last  
week.

## Pilots' Lookout

Ms. Pacific Exporter arrived  
from Seattle 8 p.m.; sailed for  
Vancouver, 1:30 a.m.  
Ss. Winkfield sailed from Cana-  
dian National docks for Port  
Alberni about noon.

Special Rates  
For Holidays

Popular railway rates will be  
available over the Christmas and  
New Year holidays, according to  
an announcement by J. B. Park-  
er, secretary of the Canadian  
Passenger Association.

For trips to distant centres,  
tickets will be available at single  
fare and one-third for the round  
trip. These will be on sale daily  
from December 21 to January 2  
inclusive, good for return trip up  
to January 7.

For the Christmas and New  
Year week-ends, tickets will be  
sold at single fare and one-quarter  
for the return trip. For the  
Christmas week-end, sale is from  
December 23 to December 26 and  
good to return leaving destina-  
tion not later than December 27.  
For the New Year week-end, sale  
is from December 30 to January 2  
and good to return leaving destina-  
tion not later than January 3.  
These rates will be in effect  
for all classes of accommodation.

Special limit fares also are  
available to teachers and stu-  
dents. In view of Christmas and  
New Year falling on Saturday,  
the railways anticipate heavy  
traffic during the holidays and are  
making preparations to take  
care of a large increase.

Narrows Bridge  
Shows Progress

VANCOUVER—Stuart Cam-  
eron and Company Limited, con-  
tractors for the substructure of  
the \$6,000,000 First Narrows  
bridge, reported today that  
according to their schedule a  
major part of their work on the  
structure would be completed by  
the end of February or early in  
March.  
Both caissons of the south  
main pier have been finished for  
the last three weeks and the work  
on two granite-faced shafts is  
now half done, W. F. Way, su-  
perintendent for the company  
said.
